This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

We have at last the pleasure of offering to our patrons our new AMERICANA CATALOGUE, which has been so long delayed.

This one, of course, cancels all former Catalogues as to prices. It represents in a measure the general character and variety of our usual stock in this department. There are a large number of works which we aim to keep constantly on hand, but these necessarily vary somewhat in price, according to their condition, increasing scarcity, etc. Our stock is constantly changing; many books which pass through our hands are never catalogued, being disposed of as soon as received, or taken to fill standing orders.

While we have in many cases duplicates, yet, of a large number, we have only single copies; to secure these early orders are desirable.

Librarians and private buyers will find it to their advantage to send in, from time to time, their lists of books wanted, as we have special facilities for the collection of rare or out of print works of this class.

We have not included in this Catalogue, Freemasonry or Scientific Reports, etc. Separate Catalogues of these are in preparation, and will be sent on application.

Letters of inquiry meet with prompt attention.

To the publishers we can not sufficiently express our obligations for the generous and able manner in which, regardless of expense, they have presented the History to the public.—*Extract from the Preface to the Third Volume, by †J. B. Purcell, Archbishop of Cincinnati.*

At last we have a history of the Church in English, and in such English as reflects infinite credit on the scholarship of the Rev. Thomas S. Byrne, just as the uncommon accuracy and number of references to standard German authors attest the vast learning of Dr. Pabisch. It is a scholarly performance, brought to a most successful issue by two devoted men, at the cost of how much toil and painstaking, scholars alone can tell. We thank the two reverend authors for a priceless boon. They have filled a void in English literature, and satisfied a want long and deeply felt. To the publishers, also, a just meed of praise is due. The style in which these volumes are issued, and the very beauty of the colored maps, so scrupulously prepared by Dr. Pabisch, will, we trust, be fully appreciated by the Protestant and Catholic public alike.—*N. Y. Tablet.*

We have to thank our American brethren in the faith for a most valuable addition to our libraries, and for a book which will be most useful as a book of reference to every English priest, as well as an indispensable manual for the student of ecclesiastical history.—*London Tablet.*

It has long occupied a high rank among histories in the leading universities of the world. On critical points, its authority is unimpeachable. We have no doubt the translation will be cordially welcomed, and be universally adopted in the Catholic colleges in the United States. Dr. Pabisch is eminently fitted by his great and varied learning for the difficult task he has assumed.—*Catholic Telegraph.*

One great charm of Alzog's work is the perfect and systematic arrangement. Every thing is in its place, and easily found. The book is enriched with an admirable table of contents. It is concise without being dry; and, from the mass of authorities cited, may easily be made the foundation for immense research.—*Catholic Standard, London.*

ANDERSON. SIX MONTHS IN NORWAY. By E. L. ANDERSON, author of "Northern Ballads." Sq. 16mo. Cloth. 1 00

ANDRE. THE COW CHASE: An Heroic Poem in Three Cantos. Written at New York, 1780. By the late MAJOR ANDRE, with explanatory notes by the Editor. London. Printed for John Fielding, No. 23 Pater-Noster Row, 1781. Reprinted from this rare quarto edition, with the original preface, notes, etc. 8vo. Paper, 75 cents. Large paper, imp. 8vo. Paper. 1 50

The poem is a humorous description of the defeat of the "rebel generals, Wayne and Irving," and is a candid expression of the contempt and ridicule in which our brave Revolutionary fathers were held by their British foes. . . . Of the poem itself we reproduce only the last stanza, which, if not pathetic, seems certainly to have been prophetic of the sad fate of the author:

"And now I've closed my epic strain,
I tremble as I show it,
Lest this same warrio-drover, Wayne,
Should ever catch the poet."

Additional interest is lent to the poem, from the fact that the above stanza was printed on the very day that Major Andre was taken prisoner.—*Cincinnati Gazette.*

ANTRIM. THE HISTORY OF CHAMPAIGN AND LOGAN COUNTIES, OHIO, from Their First Settlement. By JOSHUA ANTRIM. 12mo. Clo. 1 50

An unpretending sketch of pioneer times in these counties, with an account of their progress; early adventures, biographical sketches, notices of the churches, township organizations, etc.

BALLARD. INSECT LIVES, OR BORN IN PRISON. By Mrs. JULIA P. BALLARD. Illus. Sq. 12mo. Cloth. 1 00

There are many young persons who are interested in butterflies and moths, but need instruction as to beginning—how to capture and how to prepare and preserve them. Also, how to obtain perfect insects by rearing the caterpillars that produce them. This little book gives reliable information on these points. It is pleasantly written, and fully and admirably illustrated.—*W. H. Edwards, author of "Butterflies of North America."*

One of the very best children's books comes from Cincinnati—the admirable little study of "Insect Lives," by Mrs. Ballard. It is written with the most agreeable simplicity and good sense, which the young naturalist, a little oppressed with the weight and volume of adult scientific works, will gratefully appreciate. He will find in it excellent suggestions for observation, and a due amount of well-founded information, enlivened by a delightful enthusiasm for his pursuit. No book could be more acceptable to a boy with a taste for entomology, and the love for nature which must grow with such a taste. The volume is abundantly illustrated with well-engraved studies of insects in their different stages of transformation; and it is to be as cordially praised for these as for the graceful, unaffected, and interesting quality of its literature.—*Atlantic Monthly.*

This attractive little book deserves commendation, from the fact that the authoress has evidently the zeal of a genuine naturalist, has studied insects in the field and closet, and describes what she has seen in a clear and admirable manner. The first

and best lesson in the study of insects is the rearing of a butterfly from the egg; one learns more of entomology in this than by any other method. This book will, we feel sure, induce boys, and, we hope, girls, to gather caterpillars and rear butterflies, just for the fun of the thing, while, unconsciously, they will be learning valuable lessons in observing natural objects.—*American Naturalist.*

BELL. CINCINNATI WATER WORKS. A History of the Cincinnati Water Works. By THOMAS J. BELL, Assistant Superintendent. 13 plates. 8vo. Paper. 75

A complete history of the water supply of Cincinnati, from the first water cart, in 1802, to the present time; with descriptions and illustrations of the machinery used, and in use, reservoirs, etc.

BENNER. PROPHECIES IN FUTURE UPS AND DOWNS IN PRICES. What Years to make Money on Pig-Iron, Hogs, Corn, and Provisions. By SAMUEL BENNER, an Ohio Farmer. Second ed. 24mo. Cloth. 1 00

Bankers, pork-packers, farmers, merchants, and speculators, will find it to their advantage to study the facts as presented in this book, and the theories and prophecies based on them.

This is a book of books, and should be in the hands of every business man. In a clear, plausible and truthful way it reveals in what years to make money on pig-iron, hogs, corn, provisions, etc., and will be found of great value to persons engaged in the industries to which it is dedicated. The author reasons from analogy, as well as statistics compiled from close observations through many years, and supports his predictions regarding future panics and future prices of pig-iron, pork, etc., with a philosophic course of reasoning which can not fail to impress all and convince many.—*N. Y. Commercial Pathfinder.*

This is a peculiar little volume, and the information is most invaluable, as it furnishes us with rules by which we can foretell the future rise and fall of prices of commodities, and gives us a basis for calculation where guessing was the only dependence before.—*Iron World.*

BIBLE (THE) IN THE PUBLIC SCHOOLS. Records, Arguments, Opinions, and Decisions in the case of John D. Minor et als. *v.* The Board of Education of the City of Cincinnati et als., in the Superior Court of Cincinnati. 8vo. Cloth. 2 00

ARGUMENTS of Ramsay, Sage, and King, in favor of the Use of the Bible. (Separate from the above) 8vo. Paper. 50

ARGUMENTS of Stallo, Hoadly, and Matthews, against the Use of the Bible. (Separate from the above.) 8vo. Paper. 50

This litigation began in an application on behalf of certain citizens to restrain, by an injunction, the enforcement of the order of the Board of Education forbidding the use of religious books, including the Bible, in the common schools of Cincinnati.

The questions at issue are not of local or temporary interest. They enter into that larger religious controversy, involving the whole subject of the true relations of the civil and religious state—the secular society and the church—which, in different forms, but the same in substance, agitates and divides opinion on the two continents in which modern civilization is most advanced and developed.

Attention is directed to the thorough examination which this subject underwent in the case of *Minor* v. *Board of Education*, in the Superior Court of Cincinnati, and to the masterly arguments made at the bar. The case shows how important it is that the investigations of a lawyer, especially on constitutional questions, should take a wide and liberal range, and that he should make himself thoroughly familiar with the fundamental principles of the government under which he lives. The arguments of counsel are deserving for their ability and research, as well as the importance of the subject discussed, of the most careful and thoughtful examination. — *Cooley's Blackstone.*

BOUQUET. EXPEDITION AGAINST THE OHIO INDIANS IN 1764. An Historical Account of the Expedition against the Ohio Indians, in the year MDCCLXIV, under the command of HENRY BOUQUET, Esq., Colonel of Foot, and now Brigadier-General in America, including his Transactions with the Indians, relative to the Delivery of their Prisoners, and the Preliminaries of Peace, with an Introductory Account of the Preceding Campaign, and Battle of Bushby-Run. To which are annexed Military Papers, containing Reflections on the War with the Savages; a Method of Forming Frontier Settlements; some Account of the Indian Country; with a List of Nations, Fighting Men, Towns, Distances, and Different Routes. Published from Anthentic Documents by a Lover of his Country (Dr. *William Smith*, Provost of the College of Philadelphia). With a Preface by *Francis Parkman*, author of "Conspiracy of Pontiac," etc., and a Translation of Dumas' Biographical Sketch of General Bouquet. The map and plates are finely reproduced by the photo-lithographic process. 8vo. $3.00. Cloth, large paper. 6 00

A better initial volume to the *Ohio Valley Historical Series* could not be desired than this. Every thing is in its favor—the beauty of the volume itself—an invariable characteristic of whatever leaves its publishers' press; the rarity of the work reprinted, the importance in the history of our anti-revolutionary colonizations of the events which occasioned the expedition; and, by no means the least, the brief explanatory preface added by Mr. Francis Parkman. . . . So that, while the antiquarian or historian will get most out of the work, the average reader will find in it no small pleasure along with the side light it throws upon the events of a period of which popular ideas are vague and undefined.—*Round Table.*

The whole narrative is most entertaining for the interest of the subject, and for the quaintness of that highly literary style of the last century in which it is written. . . Its quaintness every one must relish, and

and none can help noticing the clearness and solidity of the narration. . . . It is an enterprise to which we heartily wish success, both for the valuable matter it will preserve for the use of the student, and the pleasure it will afford the general reader.—*Atlantic Monthly.*

BOYLAND. SIX MONTHS WITH THE FRENCH ARMY. Six Months under the Red Cross, with the French Army. By GEORGE HALSTEAD BOYLAND, M.D., Ex-Chirergien de l'Armée Française. 12mo. Cloth. 1 50

Dr. Boyland has had the fortune to write a book of the rarest kind in literature; a book with apparently no more literary premeditation than Pepy's Diary or Benvenuto Cellini's Autobiography, and having a simplicity, straightforwardness, and business-like clearness that refreshes the jaded critical sense at every moment. He sets down his surgical experience with an exactness that we imagine must commend his reminiscences to his profession; but his value to us is the vigor with which he gives the conditions of this experience, from the time he leaves Paris, amidst the arrogant enthusiasm of the French army and people, till, after the long siege of Metz and the capitulation of the starved garrison, he rides into the Prussian lines at Versailles. . . . It would be unjust to his book to leave the reader with the impression that it is merely a series of sketches, however powerful. It is not only a careful record of surgical experience, but a comment full of instruction upon the management of the French army, especially at Metz, where Doctor Boyland shared the common suspicion of Bazaine.—*Atlantic Monthly.*

BRUNNER. ELEMENTARY AND PRONOUNCING FRENCH READER. Containing Pronouncing Rules and Exercises on French Pronunciation; a Selection of Interesting Anecdotes; a Concise Treatise on French Verbs; and a Vocabulary of all the Words contained in the Work, with concise Rules for acquiring the Gender of French Nouns. BRUNNER. THE GENDER OF FRENCH VERBS SIMPLIFIED. New and improved edition. By ALPHONSO A. BRUNNER. 18mo. Boards. 25

BURT. THE FAR EAST; or, Letters from Egypt, Palestine, and other Lands of the Orient. Illustrated with engravings, maps, etc. By N. C. BURT, D.D., author of "Home Among the Gospels," "The Land and its Story," etc. 12mo. Cloth. 1 75

. . . There runs all through the volume a continuous vein of geniality, and, at times, of positive humor, a sympathy with all the persons and places visited, yet an eye to the ludicrous, and an apt suggestion of scholarship just at the right time and place. . . . The pervading style is neat and graphic. We have not, for a long time, met with any work of this class which was really more enjoyable.—*American Literary Gazette and Publishers' Circular.*

Having passed over much of the ground, and mingled in the very scenes described, we take great pleasure in commending the correctness of its general descriptions; and having made use of letters written on the spot and at the time, there is a special freshness and zest about the work. Dr. Burt evidently possesses a genial nature, and has the admirable talent of being able to travel in all sorts of ways, and among all sorts of people, without continually finding fault and distressing his readers with complaints. —*Christian Instructor.*

BUTTERFIELD. CRAWFORD'S CAMPAIGN. An Historical Account of the Expedition against Sandusky, under Colonel William Crawford, in 1782. With Biographical Sketches, Personal Reminiscences, and De-

scriptions of Interesting Localities; including also Details of the Disastrous Retreat, the Barbarities of the Savages, and the Awful Death of Crawford by Torture, with a fine Steel Portrait of Gen. William Irvine, Commander at Fort Pitt, 1781–83, who authorized, helped to organize, and issued instructions for the campaign. By C. W. BUTTERFIELD. 8vo. Cloth. 3 50

Mr. Butterfield has laid the foundation for his narrative with unusually good judgment; and then, he has portrayed the expedition, which is the recognized subject of the work, in all its movements, with great particularity and the utmost care.—*Historical Magazine.*

We have only words of commendation to both author and publisher, for putting before us in such readable shape this intensely interesting story of one of the most notable yet tragical episodes of the Western border warfare of the Revolution. . . . It is accompanied by a full index; in our view, the very best recommendation to any book.—*New York Genealogical and Biographical Record.*

BUTTERFIELD. DISCOVERY OF THE NORTHWEST. The Discovery of the Northwest in 1634, by John Nicolet, with a Sketch of his Life. By C. W. BUTTERFIELD, Author of "Crawford's Campaign," etc. 12mo. Cloth. 1 00

The book is a complete and exhaustive account of the life and explorations of Nicolet, amply fortified by citations from the original authorities, and provided with a good index.—*The Evening Post, N. Y.*

The author has studied his subject with considerable diligence, and gives an abundance of foot-notes, many of which are from the French Narratives that furnish the groundwork of his story. This volume is well worth having.—*Magazine of American History.*

BUTTERFIELD. THE WASHINGTON-CRAWFORD LETTERS. Being the Correspondence between George Washington and William Crawford, from 1767 to 1781, concerning Western Lands. With an Appendix, containing later Letters of Washington on the same Subject, and Letters from Valentine Crawford to Washington, written in 1774 and 1775. Chronologically arranged and carefully annotated by C. W. BUTTERFIELD, author of "Crawford's Campaign," etc. 8vo. Cloth. 1 00

This correspondence throws a good deal of light upon early western history, besides adding something to our knowledge of Washington's early life and plans. The letters are given in their chronological order, with carefully written notes; and the editor rightly regards his work as a contribution of some value to the country's store of historical materials.—*New York Evening Post.*

They are all interesting and historically important, as throwing light on Washington's early history, and on the history of the time, particularly as showing the craving which existed among the prominent men of Virginia and Pennsylvania, at that period, to become large landed proprietors. The letters throw some light incidentally on points of history, beyond the subject on which they were specially written. The notes by the editor add to the value of this book, which is worthy of a place in all historical libraries.—*Literary World.*

CLARK. SKETCHES OF HIS CAMPAIGN IN THE ILLINOIS IN 1778–9. By Col. GEORGE ROGERS CLARK. With an Introduction by Hon. *Henry Pirtle*, of Louisville, Ky., and an Appendix containing the Public and Private Instructions to Col. Clark, and Maj. Bowman's Journal of the

Taking of Post St. Vincent's. Portrait of General Clark. 8vo., $2.00. Large paper, 4 00

The importance of the expedition of Colonel Clark is known to every well-informed person as that to which we are mainly indebted for our possession, to-day, of the immense range of country west of the Alleghanies; and this personal narrative of that expedition, from the pen of its commander, it will be seen, is necessarily a paper of great historic interest, both as a portion of the local history of the West, and as an element in the history of our relations with Great Britain, France, and Spain. The typography of the volume is excellent.—*Historical Magazine.*

A very original and striking revolutionary character is portrayed by himself, in "Col. George Rogers Clark's Sketch of his Campaign in the Illinois in 1778-9." . . Clark's military capacity was certainly of a high order, and it is seldom one reads of a commander possessing such boldness, resources and tact. He understood perfectly, for military purposes, the Indian nature, and how to exhibit at the right time courageous defiance and magnanimity. . . . The operations at Kaskaskia and Vincennes are described in a very graphic but truly modest manner—the march from the former post to take the latter being one of extraordinary hardship and enterprise.—*The Nation.*

COFFIN. THE REMINISCENCES OF LEVI COFFIN, the Reputed President of the Underground Railroad. Being a brief History of the Labors of a Lifetime in behalf of the Slave, with Stories of numerous Fugitives who gained their Freedom through his Instrumentality, and many other Incidents. Steel Portraits of Levi and Catherine Coffin. 12mo. Cloth. 2 00

I write to thank you for the very interesting volume just received, entitled "Reminiscences of Levi Coffin." I examined the book carefully, soon after it was first published. It contains an authentic account of the operations of the Underground Railroad, one of the most formidable movements against slavery, and which did much to bring on the conflict which resulted in emancipation. The part taken in that movement by Levi Coffin and his wife, Catherine, was so conspicuous and efficient that the history of their work and adventures will always have a great and peculiar interest. That history is given in the most entertaining way in this volume.—*R. B. Hayes.*

It gives me great satisfaction to learn that a new edition of that most remarkable book, "Reminiscences of Levi Coffin," is about to be issued. It is one of the world's autobiographies, the record of heroic adventures and noble self-sacrifice in the cause of humanity. A braver man than Levi Coffin the world has never seen. He was the Chevalier Bayard of Peace and Freedom, and his true story has the fascination of a romance. As a moral educator, I wish it could be placed in the hands of every young man and woman in the land.—*John G. Whittier.*

Now that slavery in the United States has, happily, become a thing of the past, a desire has been expressed, in many quarters, that the very interesting adventures of many of the "passengers" by Levi Coffin's "line" should not be suffered to pass into oblivion, but should be handed down for the instruction of a younger generation whilst the events are still fresh in the memory of the chief agent in the good work. . . . It is matter for thankfulness and deep satisfaction that our Friend Levi Coffin has been enabled to complete the preparation of so valuable a contribution to the history of American slave emancipation. — *London Friend.*

CONSTITUTION OF THE UNITED STATES, ETC. The Declaration of Independence, July 4, 1776; the Articles of Confederation, July 9, 1778; the Constitution of the United States, September 17, 1787; the Fifteen Amendments to the Constitution, and Index; and Washington's Farewell Address, September 7, 1796. 8vo. Paper. 25

CRAIG. THE OLDEN TIME. A Monthly Publication, Devoted to the Preservation of Documents and other Authentic Information in relation to the early Explorations and Settlement and Improvement of the Country around the Head of the Ohio. Edited By *Neville B. Craig*, Esq. (Originally published at Pittsburgh, in 1846–47.) 2 vols. 8vo. Cloth, $10.00. Sheep, 12 00

The index alone will convey an idea of the richness of this collection. Among many others, the following may be enumerated: Washington's journals of 1753, 1754, and 1770; Frederick Post's Journal, from Philadelphia to the Ohio, 1758; George Croghan's Journal, from Fort Pitt to Vincennes and Detroit, 1765; General Richard Butler's Journal, to the Falls of the Ohio, 1785; Arthur Lee's Journal, to the Northwestern Indians, 1785; a large number of valuable articles relating to the Indians, including details of many conferences and treaties; numerous articles concerning Braddock's Defeat, Lord Dunmore's War, the early settlement of Western Pennsylvania and the Northwestern Territory, etc. Two early books are reprinted entire in its pages—Smith's "Account of General Bouquet's Expedition against the Ohio Indians in 1764," and "A Memorial, containing a summary view of facts, with their authorities, in answer to the observations sent by the English Ministry to the Courts of Europe. Translated from the French." Though there were two editions of this latter work published, both in 1757—one in Philadelphia and one in New York—it is one of the rarest of American books (we lately sold a copy of it for $65.00), and is very valuable as giving the French view of the situation in the West at that time. Besides the above, the publication embraces numerous articles, giving facts of the most interesting character, from the private journals and personal reminiscences of many of those who acted prominent parts in early days, which will be of great value to the future historian of this region.

A full and accurate index has been prepared for this edition, which greatly enhances its value. The edition is a limited one.

DRAKE. PIONEER LIFE IN KENTUCKY. A Series of Reminiscential Letters addressed to his Children. By Dr. DANIEL DRAKE. Edited with Notes and a Biographical Sketch by his son, Hon. *Charles D. Drake*, of Missouri. 8vo. Cloth, $3.00. Large paper, 6 00

Dr. Drake was a man who, while he lived, was a large part of all literary and scientific progress in the West, and who left behind him a repute for public usefulness and private worth which his own section may well cherish with pride, and which we may all gladly recognize. The letters of Dr. Drake are not merely personal reminiscences, but faithful pictures of local manners and customs. We can not advise any to turn to them for the realization of romantic ideas of the pioneers; but they are very interesting reading and very instructive; they form part of our own history, which daily grows more remarkable and precious; and we most heartily commend the volume, not only to collectors of such material, but to the average reader, as something very apt for his entertainment and then for his use. The biographical sketch by Mr. Charles D. Drake is satisfactory, and the preface is a singularly sensible piece of writing—*Atlantic Monthly.*

We have found these reminiscences unusually instructive and entertaining. Dr. Drake's pen-pictures of the early times in Kentucky, the hardships, trials, joys, and associations of pioneer life among the Indians and forests are exquisitely drawn and truly colored. His memories of childhood; the journey from New Jersey across the Alleghenies, in road-wagons, to Old Red Stone Fort, where the family embarked in a flat-boat for Mayslick, Kentucky; the long and tedious experience of the river, with exposure to the savages all along the banks;

the scanty stores of provision on which to begin the new life in the wilderness; the manner of clearing the ground, cultivating corn, manufacturing various articles of domestic utility, spinning, weaving, fulling; the huskings, sugar-camps, wild-grape hunting; the thousand scenes and chores of backwoods life, are indeed the most enjoyable of pages for a winter evening by the fireside.—*Methodist Recorder.*

DU BREUIL. VINEYARD CULTURE IMPROVED AND CHEAPENED. By A. DU BREUIL, Professor of Viticulture and Arboriculture in the Royal School of Arts and Trades, in Paris. Translated by *E.* and *C. Parker.* With Notes and Adaptations to American Culture, by *John A. Warder*, author of "American Pomology." With 144 illustrations. 12mo. Cloth. 2 00

Every intelligent vine-grower must be profited by the perusal of such a book. Dr. Warder's annotations are often of considerable length, and appear to be exactly what such a work requires to suit it to the wants of an American reader.—*Cultivator and Country Gentleman.*

The book under notice is decidedly the best treatise on the subject that has yet been given to the public in an English dress. We heartily commend the work to vine-growers especially, and to agriculturists generally.—*Maryland Farmer.*

ELLARD. GRANDMA'S CHRISTMAS DAY. A Christmas Poem for Children. By VIRGINIA GOODIN ELLARD. Illustrated by *Caroline A. Lord.* Sq. 12mo. Cloth. 1 00

The story is musical verse from a mother's heart. The questions the children ask about Santa Claus show well that the author has heard real children's wonderings about the patron saint of Christmas. The illustrations are spirited in design and successful in pose.—*Cincinnati Commercial.*

It is destined to become standard in juvenile literature. The delicate poetic touch and artistic finish of many of Mrs. Ellard's verses can not be too highly commended. There are many passages which appeal to the strongest and tenderest sympathies which bind us to each other.—*St. Louis Presbyterian.*

EVERTS. WHAT SHALL WE DO FOR THE DRUNKARD? A Rational View of the Use of Brain Stimulants. By DR. ORPHEUS EVERTS. 8vo. Paper.

FAMILY EXPENSE BOOK. A printed Account Book, with appriate columns and printed headings for keeping a complete record of Family Expenses for each day, week, and month of the year, with an itemized statement of expenditures for the year. Also, a servant's account, showing name, date of engagement, and rate of wages, with dates and amounts of cash payments. 12mo. 50

A book that is absolutely indispensable in every family. Bound in cloth, at the merely nominal price of fifty cents, it is attainable to all. There is no such incentive to a wise economy as the habit of exact accounts, of knowing where money goes to. The thoughtless spirit that "when it is spent it is spent, and who cares how," is that spirit of waste and carelessness that leads its possessor into pecuniary trouble. Strict accounts are as necessary for the household as for the store or the manufactory.—*Cincinnati Commercial.*

of Ross County, Ohio. By ISAAC J. FINLEY and RUFUS PUTNAM. 8vo. Cloth. 2 50

An unpretending record of early life in Ross county, (which includes Chillicothe, the first capital of this state); the trials, hardships, and privations of the pioneers; their adventures as Indian-fighters and bear-killers, and the progress of the county to the present time. Each township is treated separately, with list of the early settlers, and sketches of the lives of the more prominent among them. Ancient works, natural curiosities, churches, schools, mills, and the material improvements generally, are noticed in detail.

FORCE. PRE-HISTORIC MAN—Darwinism and Deity—The Mound Builders. Three Essays read before the Cincinnati Literary Club, by Hon. M. F. FORCE. 8vo. Paper.

They have been handsomely printed in one thin volume. The author, Judge Force, is the son of the late Peter Force, of Washington city, the compiler of the "American Archives." He is a sound thinker and careful recorder of his thoughts, and whatever he may submit to the scattering hand of the press is sure to be worthy of consideration. . . . The three papers, properly brought together, are rich in suggestions of topics for profound thought and investigation.—*Historical Record.*

FORCE. SOME EARLY NOTICES OF THE INDIANS OF OHIO. To what Race did the Mound Builders belong? By Hon. M. F. FORCE. 8vo. Paper. 50

The first of these papers groups together in chronological order the various notices of the Western tribes of Indians, from the discovery by Champlain, in 1609, of the Quatoghies, on the eastern shore of Lake Huron. . . . In the second paper the author considers the Mound Builders to have been driven from their fortresses and their territory, and forced into the tract bordering on the Gulf of Mexico, where, mingled with the conquering tribes, they lost some of their industries, but preserved some of their traits. He concludes that they were of the same race as tribes now living; that they were as civilized as the Pueblo Indians; that they flourished a thousand years ago, and earlier and later; and that in the tribes near the Gulf of Mexico were preserved some of their customs and some of their lineage till after the discovery of America by Columbus.—*Magazine of American History.*

"Miami Woods" will take its place among the cherished treasures of English Literature. The poem is pure, and true, and beautiful; it comes from the heart, and to the common heart of humanity it will find its sure way.—*Cincinnati Commercial.*

There is strength, and vigor, and rhythm in Mr. Gallagher's poems. Great thoughts seem crowding up for place.—*Chicago Inter-Ocean.*

It is fully time that Mr. Gallagher's audience should be induced to take in all lovers of poetry. Mr. Gallagher is a true poet, a man with a spirit subdued yet vivified by the ideal, and not one of those unhappy ones who are cursed with an aspiration.—*Philadelphia American.*

GRIMKE. CONSIDERATIONS UPON THE NATURE AND TENDENCY OF FREE INSTITUTIONS. By Hon. FREDERICK GRIMKE. 8vo. 2 50

It is written in a free, animated, and often very condensed and vigorous style. It was a bold attempt for any man to treat upon such a theme, so soon after the masterly effort of De Tocqueville, who seemed to have left little even for the gleaner where he had reaped. But Judge Grimke acted wisely in not being deterred by such a consideration, for his views strike us with the same feeling of freshness and originality as if the "Democracy in America" had not been written. And while there is much in the extreme radicalism of many of the doctrines from which we entirely dissent, we can, nevertheless, do justice to the ability with which they are presented and enforced.—*Western Law Journal.*

It is a work full of thought, fair, tolerant, and based on much study; a series of sensible, deeply meditated essays, well worth reading.—*North American Review.*

GRISWOLD. KANSAS PILOT. Kansas, her Resources and Developments; or, the Kansas Pilot, giving a direct Road to Homes for Everybody, and the Effects of Latitude on Life Locations, with important Facts for all European Emigrants. By WAYNE GRISWOLD, M.D. Illustrated. 8vo. Paper. 50

HALL. LEGENDS OF THE WEST. Sketches Illustrative of the Habits, Occupations, Privations, Adventures, and Sports of the Pioneers of the West. By JAMES HALL, author of "The Wilderness and War Path," "Tales of the Border," etc. 12mo. Cloth. 2 00

HALL. ROMANCE OF WESTERN HISTORY; or, Sketches of History, Life, and Manners in the West. By JAMES HALL. 12mo. Cloth. 2 00

Mr. Hall's tales are characterized by a certain amenity and ease of narrative, a poetic appreciation of the beauties of nature, and the gentler moods of the affections; while the author's pleasant narrative has softened the rudeness without abating the interest of the wild border strife. The Indian subjects are handled with peculiar delicacy; the kindly sentiment of the author dwelling on their virtues, while his imagination is unkindled by their spiritual legends. His style, pure in sentiment and expression, may be aptly compared with the calm, tranquil aspect of his own Ohio river, occasionally darkened by wild bordering woods, but oftener reflecting the beauty of the azure heavens.—*Duyckinck's American Literature.*

HANOVER. A PRACTICAL TREATISE ON THE LAW OF HORSES. Embracing the Law of Bargain, Sale, and Warranty of Horses and other Live Stock; the Rule as to Unsoundness and Vice, and the Responsibility of the Proprietors of Livery, Auction, and Sale Stables, Innkeepers, Veterinary Surgeons, and Farriers, Carriers, etc. Second edition, revised and enlarged. By M. D. HANOVER. 8vo. 4 00

In this work, the author has chiefly sought to investigate the principles which constitute the law of warranty in the sale of horses, and to present them in a clear and concise form.

Contracts, frauds, carriers, negligence, and other branches of the law have also been treated of, so far as they relate to horses and other live stock. The rule as to unsoundness and vice in horses, and the responsibility of innkeepers, livery-stable keepers, and others having the care of horses, have been carefully presented.

The aim of the author has been to afford assistance to the lawyer, and at the same time to enable the unprofessional reader to gain a general acquaintance with the law on the subject. He has also given full notes of the decisions of the American and English courts.

Such a work as this, in which the law relating to live stock is carefully collated and arranged, and presented in a popular form which non-professional readers could understand, has long been needed; and we believe this work will be generally sought after by all who deal in this description of property.—*National Live Stock Journal.*

HART. ANGLO-SAXON LITERATURE. A Syllabus of Anglo-Saxon Literature. By Prof. J. M. HART, of the Cincinnati University. 8vo. Paper. 50

Prof. Hart's short sketch may be recommended as, on the whole, the best introduction to old English literature that is accessible to the English reader.—*London Academy.*

HASSAUREK. THE SECRET OF THE ANDES. A Romance. By Hon. FREDERIC HASSAUREK, author of "Four Years among the Spanish Americans." 12mo. Cloth. 1 50

THE SAME. In German. 8vo. Paper, 50c. Cloth, 1 00

The author has blended the elements of history, of tradition, and of imagination, in his powerful narrative, with admirable skill, showing an equally consummate command of the resources of knowledge and the gift of invention.—*New York Tribune.*

In a brief notice it is impossible to touch upon, much less to do justice to, the many points of beauty, power, and pathos with which the book abounds. It can not but give pleasure whenever it is read, and must cause astonishment that one absorbed in the common-place, every-day, business-like duties of the daily editor, can still retain so much that is poetic, so much that is beautiful, and so much that is imaginative, in spite of cares that ordinarily put fancy to flight and make sentiment ridiculous.—*Cincinnati Commercial.*

HASSAUREK. SPANISH AMERICANS. Four Years among Spanish Americans. By Hon. FRED. HASSAUREK, late United States Minister to the Republic of Ecuador. Third edition. 12mo. Cloth. 1 50

There is scarcely any point as to which the average or the cultivated reader might desire to be informed, that the author has omitted in these graphic pages; the scenery, the cities and towns, the streets, the people, their domestic habits, their religion and politics, their divisions by caste and race, the natural products of the soil, the peculiar botany, the height of mountains, the statistics of earthquakes and eruptions, the native legends, the history of the conquest, the history of independence, glimpses of the present, guesses at the future state of the republic, etc. All these topics are managed without confusion and without dryness. The author is not only cognizant of his subject, but has it well in hand, knows especially what to select and what to reject, and withal is a capable observer and a trustworthy narrator.—*The Nation.*

HATCH. WAR OF 1812 IN THE NORTHWEST. A Chapter of the History of the War of 1812 in the Northwest. Embracing the Surrender of the Northwestern Army and Fort, at Detroit, August 16, 1813; with a Description and Biographical Sketch of the celebrated Indian Chief, Tecumseh. By Colonel WILLIAM STANLEY HATCH, Acting Assistant Quartermaster-General of that Army. 18mo. Sheep. 1 25

A new chapter of an old history. An old man's story, told while fighting his battles over again, concerning the operations of the Northwestern army. As the author was acting assistant quartermaster-general of the army, and in close communication with the various officers in command, his narrative possesses more than ordinary interest. . . . Nearly one-half of this volume is occupied with an elaborate memoir of Tecumseh, evidently prepared with unusual advantages for securing accuracy of information, and with great care; and this is not, in our estimation, the least important portion of the volume.—*Historical Magazine.*

This unpretending little volume is quite an interesting addition to the history of the events referred to. It deals mainly with the operations of General Hull, and his surrender, and gives additional facts in regard to the character and death of Tecumseh.—*N. E. Hist. and Gen. Register.*

HAYES. THE LIFE, PUBLIC SERVICES, AND SELECT SPEECHES OF RUTHERFORD B. HAYES. By J. Q. HOWARD. Portrait. 12mo. Paper, 75c. Cloth, 1 25

Mr. J. Q. Howard's compact little volume is prepared with a good taste and moderation unusual in campaign documents, and it gives abundant materials for forming a fair estimate of the man for whom, probably, a little over half of a nation of forty millions will vote for its chief officer next November.—*New York Tribune.*

The volume is published especially with reference to the political campaign, but is, nevertheless, a correct biography, written in a spirit of entire fairness, and its selection from Governor Hayes' speeches are very judiciously chosen.—*New York Post.*

HAZEN. OUR BARREN LANDS. The Interior of the United States, west of the One-Hundredth Meridian, and east of the Sierra Nevada. By General W. B. HAZEN. 8vo. Paper. 50

This is one of the most interesting works concerning the topography, sterility, and climate of an immense tract in our western country that we have ever seen, and the author of it has earned the thanks of every honest man for having written it. . . . Informing the world that from the hundredth meridian line to the mountains, and from the British possessions to Mexico, *the country is a barren wilderness*, utterly worth-

less for either agricultural or grazing purposes, because of its want of water, intense heat during summer, and intense cold during winter, and denouncing those who attempted to carry emigrants thither to meet certain disappointment and ruin.—*Historical Magazine.*

HENSHALL. BOOK OF THE BLACK BASS. Comprising its Complete Scientific and Life History, together with a Practical Treatise on Angling and Fly-Fishing, with a Full Account of Tools, Implements, and Tackle. By Dr. JAMES A. HENSHALL. Illustrated. 12mo. Cloth. 3 00

Dr. J. A. Henshall's "Book of the Black Bass" will, doubtless, meet the highest expectation of those who have so long and anxiously awaited its appearance. It is a work evidently written *con amore*, by one who has made black bass a special study for many years, and the ripe fruits of his research are displayed in the volume just issued. It will take rank as the undisputed authority on the subject of which it treats, and fills a niche too long vacant in the literature of field and flood. As a practical treatise on black bass, and the mode of capture, style of tackle, and all that pertains to the subject, the book may be safely recommended to the angling fraternity of America. —*Turf, Field and Farm.*

Dr. Henshall has given the angler a book which, as the oystermen say, is full "measure and solid meat."

The angling portion of the book is, without doubt, the best thing ever written upon these fishes. . . . It is clear, and covers the whole ground of the different modes of fishing, and is accompanied by cuts of the manner of holding the rod, castings, and diagrams of the mode of throwing the fly that it seems to us as if the merest tyro could soon become an expert by carefully reading this book and following its instructions. Not only is it a book for the beginner, but it is one that no angler can afford to do without. . . .

. . . A great charm in the book is the author's freedom from conventionality, and from the echoing of sentiments which have become in sort orthodox opinions of angling writers. Taking it as a whole, we can not speak too highly of it.—*Forest and Stream.*

HORTON. THE MONETARY SITUATION. An Address delivered at the Request of the American Social Science Association, at its Meeting in Cincinnati, May 21, 1878. With an Appendix containing: I. The Prussian Anti-Silver Theory, and its Origin in an Historical Error; II. General Restoration of Silver a Condition Precedent to Successful Cancellation of Paper Money; III. A Vindication of the Practicability of Bi-Metallic Union. By S. DANA HORTON. 8vo. Paper. 50

HORTON. SILVER AND GOLD, and their Relation to the Problem of Resumption. By S. DANA HORTON. Second edition, revised and enlarged. 8vo. Cloth. 1 50

Perhaps no writer in this country on the silver question has more forcibly . . . treated the subject than S. Dana Horton, of Ohio. His book on Silver and Gold is very valuable, . . . a monument of usefulness. A few extracts from this young but eminent writer on the subject will show how correct and far-seeing a thinker he is. . . . His opinion is worthy of the highest consideration.—*North American Review.*

A work of considerable general interest and a contribution of value to the discussion of the subject in its largest aspects. . . . The book is an extremely interesting one from every point of view. It examines minutely the existing monetary situation of the United States, and gives an exact account of all the steps taken in England in reference to the currency since the reorganization of the coinage in 1717.—*Westminster Review, London.*

This is a thoroughly scientific discussion of the silver question, and one which will possess a lasting value after the immediate issue in hand shall have passed away. . . . A careful, almost microscopic examination

of the arguments for and against silver as full legal tender conjointly with gold. . . . It is a storehouse of facts and opinions for scholars, and it presents the existing state of European ideas and policies on the subject with a fullness not to be found elsewhere.—*The Nation.*

HOUGH. ELEMENTS OF FORESTRY. Designed to Afford Information concerning Planting and Care of Forest Trees for Ornament or Profit; and giving Suggestions upon the Creation and Care of Woodlands, with the View of Securing the Greatest Benefits for the Longest Time. Particularly adapted to the Wants and Conditions of the United States. By FRANKLIN B. HOUGH, Ph.D., Chief of Forestry Division, Department of Agriculture, Washington, D. C. With numerous illustrations. 12mo. Cloth. 2 00

The book is abundantly illustrated, is admirably adapted as an elementary guide to young foresters and all students of arboriculture, and deserves hearty commendation.—*London Journal of Forestry.*

Taken as a whole the work is a simple and carefully written treatise on a subject admitted to be of the utmost importance to the whole people of the Union, and contains more substantial facts comprised within its comprehensive range than any other work of its dimensions yet given to the public.—*Cultivator and Country Gentleman.*

The volume under notice, which, by the way, is quite fully illustrated, is the most complete work upon the subject that has yet appeared in this country. Its author has been for several years engaged in investigating the subject of forestry in the Department of Agriculture, and his reports have been highly commended at home and abroad. In this volume he has confined himself very strictly to the practical side of the subject, and has left untouched no details as to soils, climates, methods of propagation, ornamental planting, hedges, cutting and preserving timber, insect ravages, forest fires, etc. Theoretical discussions are entirely avoided, and the whole tone and scope of the volume are in the highest degree plain, practical and intelligent.—*New England Farmer.*

HOUSEKEEPING IN THE BLUE GRASS. A New and Practical Cook Book, containing nearly 1,000 Recipes. By the Ladies of the Randolph Mission Band of the Presbyterian Church, Paris, Ky. 13th thousand. 12mo. Cloth. 1 50

This is one of the best and fullest recipes for cooking and other household purposes we have ever seen.—*Earnest Worker.*

It is a work of uncommon merit. The contributors are ladies of the highest social character, and what they have contributed can be relied upon with implicit confidence. This book will now be the standard for good eating, not only in Kentucky, but all over the West and South.—*Lexington (Ky.) Gazette.*

The Kentucky matron is the model housewife of the nation. No housekeeper in the land should be without this book.—*Kansas City Times.*

The arrangement, the index, the classification, the terse but lucid brevity of the recipes, the insertion of a number of blank leaves—every thing about this book, shows that it was gotten up with great care, by ladies of rare intelligence, cultivation, and experience.—*Frankfort (Ky.) Yeoman.*

HOVEY. CELEBRATED AMERICAN CAVERNS. Especially Mammoth, Wyandot, and Luray. Historical, Scientific, and Descriptive; with Notices of Caves and Grottoes in other Lands. By HORACE C. HOVEY. Maps and plates. 8vo. Cloth. 2 00

A collection of interesting and well-written sketches of the Mammoth, Wyandot, Luray, and other caverns, with a condensed account of cave dwellings, sepulchers, and temples, and the literature pertaining to them. Many new facts have been gathered

and new surveys made during the past year, and the maps and diagrams prepared for the volume add largely to the value and clearness of the descriptions. Mr. Hovey's style is clear and simple, and his language elegant. He sensibly avoids technicalities when not necessary, and writes to the full comprehension of intelligent readers of all classes. Those who are at all interested in curious facts of nature will find the book fascinating.—*Chicago Inter-Ocean.*

A valuable contribution to scientific literature, and the best description that has yet appeared of subterranean America. . . . The largest space is allotted to the famous caves known as Mammoth, Wyandot, and Luray; each of which is minutely and vividly described as to be of the greatest service to those who think of visiting the localities named, and to furnish to others all information to be had on the subject, given in a clear and entertaining style, with many curious and amusing anecdotes of adventure. We notice that the various objects of interest are described in the order in which the visitor sees them, and the routes are plainly marked on the maps and references. —*The Educator.*

HOWE. HISTORICAL COLLECTIONS OF OHIO. It must not be supposed that collections of this character are necessarily dry reading. Though a large part of the volume is of course given up to the origin of the various institutions, yet there are many descriptions which will be read with pleasure. The chapter on the "Indian occupancy and early military expeditions" will repay perusal.—*Magazine of American History.*

HUSTON. JOURNEY IN HONDURAS, AND JOTTINGS BY THE WAY. Inter-Oceanic Railway. By R. G. HUSTON, C. E. Map. 8vo. Paper. 50

JACKSON. THE BLACK ARTS IN MEDICINE. With an Anniversary Address. By the late JOHN D. JACKSON, M.D., of Kentucky. Edited by *L. S. McMurtry*, M. D. 12mo. Cloth. 1 00

This quaint title suggested to us, before perusal, a history of the astrology and alchemy of the early fathers in medicine, and the impress of such arts on the practice of to-day. But in this estimate we were quite mistaken. By an ingenious perversion of the original meaning of the term, the doctor has made, under the form of scathing satire, a denunciation of the disreputable arts and devices resorted to by the unscrupulous with the purpose of securing patronage.

Unhappily there is too much truth conveyed by this satire, which, *veluti in speculum*, reflects back the habits of very many of our otherwise respectable men. If the public could have as keen an appreciation of the contemptible littleness of these practices as evidenced by the author of this work, the *black arts* would soon become the *lost arts* of medicine.—*New York Medical Journal.*

This is one of the most amusing, most entertaining, most sarcastic, and most useful monographs that have been received for many months. . . . If one will study this work, and, avoiding all the arts so well satirized, pursue the course tacitly or constructively indicated, he will become a wiser, purer, and better man, a more efficient, trustworthy, and accomplished physician. This is exalted commendation for so small a publication, but the praise bestowed is well and fully deserved.—*Richmond and Louisville Medical Journal.*

JASPER. THE BIRDS OF NORTH AMERICA. Drawn from Nature; engraved and described by THEODORE JASPER, A. M., M. D. Each part contains three beautifully colored Plates, and one tinted Scientific Plate, twelve by fifteen inches, and eight pages of letter-press, devoted to the Popular and Scientific History of North American Birds, including a popular Account of their Habits and Characteristics. 40 parts, $1.00 each. 2 vols. Royal 4to. Half morocco. 50 00

I am much pleased with your work, "The Birds of North America," especially with that part which treats of the osteological and anatomical characters of birds, for too little has been written upon this subject by other ornithologists. In the grouping of the birds, arrangement of light and shade, in the perspective and delineations of the form and feathers, Dr. Jasper has certainly surpassed all other artists, producing the best pictures of the species which I have ever seen.—*Prof. C. F. Maynard, author of "The Birds of Florida."*

A work in every way worthy the subject, and one attainable by all lovers of birds. Having compared these with specimens in our own cabinets, we are prepared to vouch for their fidelity. Having made a special study of works of ornithology, we take pleasure in recommending this work, as, every thing considered, being by far the most satisfactory of any in the market.—*Prof. R. A. Oakes, Ornithologist of New York.*

KELLER. ELEMENTARY PERSPECTIVE. Explained and Applied to Familiar Objects, for the Use of Schools and Beginners in the Art of Drawing. With 17 full page illustrations. By M. J. KELLER, School of Design, University of Cincinnati. 12mo. Cloth. 1 00

It is so lucid that beginners can readily understand it, and so far thorough that it contains every thing with which it is essential that the student of drawing should make himself acquainted. Nothing can make the study of perspective an easy one, but Keller's treatise simplifies it as much as is possible, aided by the excellent diagrams with which the text is illustrated.—*Philadelphia Inquirer.*

It is commendable for its lucidity of explanation and definition, and the gradual method that conducts the scholar through linear perspective, parallel, angular, and oblique.—*Cincinnati Commercial.*

KING. A COMMENTARY ON THE LAW AND TRUE CONSTRUCTION OF THE CONSTITUTION. By JOHN KING. 8vo. Cloth. 2 50

KLIPPART. THE PRINCIPLES AND PRACTICE OF LAND DRAINAGE. Embracing a brief History of Underdraining; a detailed Examination of its Operations and Advantages; a Description of various Kinds of Drains, with Practical Directions for their Construction; the Manufacture of Drain Tile, etc. Illustrated with nearly 100 engravings. By JOHN H. KLIPPART, author of the "Wheat Plant," Corresponding Secretary of the Ohio State Board of Agriculture, etc. Second ed. 12mo. Cloth. 1 75

This is an excellent work upon the subject of drainage, written by a person conversant with the subject. It is written in a plain, candid manner, and can not fail to be of essential service to those who will read and practice its precepts. The subject is one of great importance to our farmers, and demands of them more attention than it has yet received.—*New England Farmer.*

We hail with pleasure the appearance of

this work. The author—who, by the way, is one of the most distinguished agriculturists of the West—has taken great pains to show the cost and comparative value of different kinds of drains—open, mole, tile, brush, etc.—and their effect on the different kinds of grain roots, etc. We advise the farmers of the West to procure the above work, and, in perusing its pages, they will gain what years of experience alone can give.—*Chicago Farmers' Advocate.*

LAW. COLONIAL HISTORY OF VINCENNES, INDIANA, under the French, British, and American Governments, from its first Settlement down to the Territorial Administration of General William Henry Harrison. By Hon. JOHN LAW. 12mo. Cloth. 1 50

This is an address delivered by Judge Law before the Vincennes Historical and Antiquarian Society, February 22, 1839; republished in 1858, with numerous additional notes and an appendix—two-thirds of the volume containing much valuable matter relating to General Clark; General Hamilton (British); Tecumseh; Public Lands; Territorial Acquisition; Le Balm's Expedition; Ancient Grant; the *Western Sun*, the first newspaper printed in Indiana Territory; the Catholic Church; and Early Militia.

LLOYD. THE CHEMISTRY OF MEDICINE. A Practical Text and Reference Book, for the Use of Students, Physicians, and Pharmacists. Embodying the Principles of Chemical Philosophy, and their Application to those Chemicals that are used in Medicine and in Pharmacy, including all those that are officinal in the Pharmacopœia of the United States. With 50 original cuts. By Prof. J. W. LLOYD. 12mo. Cloth, $2.75. Leather, 3 25

The treatise almost exclusively relates to such chemical processes and products as are of interest to the physician or pharmacist. The author wastes but little time on theory, but gives clear descriptions of the processes by which chemicals are prepared; mentions the principal impurities or adulterations to which they are liable, and supplies tests for their detection. It will prove a valuable addition to the library, useful to all, and almost indispensable to the student in medicine or pharmacy.—*Druggists' Circular and Chemical Gazette.*

All the important elements are described, but of the compounds, those which have been employed in medicine are treated of. The limits thus drawn by the Luthor have enabled him to give, in the space at hand, outlines of the various processes, with many useful, practical hints, descriptions of the various compounds, and brief directions for determining their purity.—*American Journal of Pharmacy.*

The writer places the facts before the reader in as clear and concise a way as possible. In fact, it may be said to take the place of a private instructor in chemistry.—*The Pharmacist and Chemist, Chicago.*

LONGLEY. ECLECTIC MANUAL OF PHONOGRAPHY. A Complete Guide to the Acquisition of *Pitman's Phonetic Shorthand*, with or without a Master. By ELIAS LONGLEY. A new and carefully revised edition. 12mo. In stiff paper binding, 65c. Cloth, 75

Mr. Longley's name has been prominently connected with phonographic writing, reporting and publishing for the last thirty-five years. His system is that of Isaac Pitman, of England, with all his latest improvements, and those suggested and developed by the best American writers on Phonography, and the author's own experience in the constant practice of his profession for many years.

A practical book by a practical man. Mr. Longley has been writing about and practicing phonography for thirty-five years. His Manual is for beginners, and it is so clear and terse that we should think that a close student could become a phonographer without any other teaching than can be found in its pages. Phonography is progressive, and this edition of the Manual is a careful revision for 1882. The system is Isaac Pitman's, with the most helpful American improvements. The book leads the student through graded exercises, and avoids burdening his mind with a word or mark that is not strictly necessary. The principles and rules are always practical, and the abstract philosophy of the language is not gone into. The aspiring youth who so often writes to the editor inquiring about a good manual of phonography, should try Longley's. An examination of his Manual satisfies us that it is all that could be desired. It combines cheapness with directness and brevity.—*Cincinnati Commercial.*

Your little book seems to me to be the very best for learners that has yet been issued. It is a clear, honest exposition of what phonography is and can do. The matter of the book is excellent, in its simplicity of arrangement, fullness of suggestion, methodical and practical presentation of the principles of the art, and in its helpfulness to the unpracticed student. The typographical execution is faultless, and reflects credit upon the author's knowledge "how to do it" in the printer's art.—*Daily Advertiser, London, Canada.*

The exercises are so clear that a persistent student could, we think, obtain a fair knowledge of the art, by close application and practice, without the aid of a teacher.—*The Practical Teacher.*

LONGLEY. AMERICAN PHONOGRAPHIC DICTIONARY, exhibiting the *Correct and Actual Shorthand Forms* for all the useful Words in the English Language, about 50,000 in number, and in addition, many Foreign Terms; also, for 2,000 Geographical Names, and as many Family, Personal, and noted Fictitious Names. By ELIAS LONGLEY. 12mo. Cloth. 2 50

To the student in phonography this work of Mr. Longley will stand in a similar place to Webster's Unabridged in ordinary study. For its completeness and its entire adaptation to the needs of the phonographer, the book is worthy of the best words of commendation. The author is an experienced phonographer, . . . and has written some excellent works on the subject, which the profession has everywhere received with large favor. . . . If a thing is worth doing at all, it is worth doing well, and the student of phonography should select wisely his system before entering upon his study. The Isaac Pitman system, as taught by Mr. Longley, has long been regarded the most complete and satisfactory. The book is very handsomely printed.—*Chicago Inter-Ocean.*

Mr. Elias Longley has followed up his admirable series of Eclectic Phonographic works with a dictionary, which is a model of convenience and accuracy. The confusing nomenclature of other systems gives place in this splendid work to a practical application of phonographic principles. The whole range of English words, including scientific and technical terms, appear in phonographic outline in its ample pages. . . . In design and execution this dictionary is all that could be desired by the practitioner or the student, solving for the one knotty problems, and directing the other to the best outline in the beginning of his practice. Mr. Longley's simple system seems destined to take the place of a number of technical systems, each of which varies from the other in essential particulars, leading to a confusion of outline and a babel of atrocious nomenclature. By the unprejudiced phonographer Mr. Longley's system will be hailed as a triumph of art.—*St. Paul Pioneer Press.*

LONGLEY. EVERY REPORTER'S OWN SHORTHAND DICTIONARY. The same as the above, but printed on *writing paper*, leaving out the

Shorthand Forms, and giving *blank lines* opposite each word for the purpose of enabling writers of *any system of Shorthand* to put upon record for convenient reference the peculiar word-form they employ. By ELIAS LONGLEY. 12mo. Cloth. 2 50

The pages are printed on good writing paper, and the work of writing in the shorthand signs for the words will be found an interesting pastime to the critical stenographer, as it will also be an instructive exercise to the learner.

In addition to the full forms of words, there is room in most of the blank lines for the expert stenographer to enter his most contracted forms, and to add to the number, as he finds it necessary to abbreviate special terms. He will thus, in a short time, compile for himself an invaluable book of reference, which he may also use in teaching his assistants and pupils to write in exact accordance with his own style.

LONGLEY. THE PHONOGRAPHIC READER AND WRITER. Containing Reading Exercises, with translations on opposite pages, which form Writing Exercises. By ELIAS LONGLEY. 12mo. 25

This little book should be in the pocket of every phonographic student until he can read and write every line without hesitation. It is the best substitute he can have for the constant presence of an attentive teacher. Though he may have studied the lessons thoroughly, he will find it slow work reading phonography until he has learned to recognize words by their form. To attain this skill, it is necessary to read a great deal; and to do this, one should not spend much time in analyzing the structure of words, or guessing at them as a whole. In the absence of a teacher to tell him, he needs an ever-present guide to save him from unnecessary waste of time. This prompt and faithful guide he will find in this little book, in the convenient key to every word, on the same or opposite page.

LONGLEY. PHONOGRAPHIC CHART. Containing the Perfected Alphabets of the English Language, Phonotypic and Phonographic, on one large, beautifully printed sheet, to be used in teaching the elementary sounds, in connection with the Phonic method of teaching reading and in elementary drill; also, in teaching the elements of Phonetic Shorthand. By ELIAS LONGLEY. Size, 28 by 42 inches. 50

LONGLEY. THE AMERICAN REPORTER'S GUIDE. Containing the most complete List of Phrases ever published; also, exhaustive Lists of all Contracted Words used in Reporting; supplemented with ample exercises in the briefest style of writing, with a key to the same in common print on the opposite pages. By ELIAS LONGLEY. *In press.*

The author's long experience of twenty-five years in practical reporting, both on newspaper work and as an official court reporter, and his critical study of all other works on the subject, enable him to bring to the compilation of a new book on this most difficult art, unequaled qualifications for accomplishing well his task. Having, within the past year, retired from the active pursuit of his reportorial profession, he is devoting the best efforts of his ripe years to the production of a volume that will not only be a

credit to his reputation as a phonographer, but a most reliable and helpful guide to the thousands of young reporters whose accurate and skillful services will be required in the immediate future.

LONGWORTH. ELECTRA. Translated from the Greek of Sophocles, by Hon. NICHOLAS LONGWORTH. 12mo. Cloth. 1 50

McBRIDE. PIONEER BIOGRAPHY. Sketches of the Lives of some of the Early Settlers of Butler County, Ohio. By the late JAMES McBRIDE, of Hamilton. Vol. I. contains the Lives of John Reily, Thomas Irwin, Joel Collins, Isaac Anderson, Samuel Dick, Joseph Hough, and John Woods. With a portrait of the author. Vol. II. contains the lives of Robert McClellan, Isaac Paxton, Pierson Sayre, Henry Weaver, Jeremiah Butterfield, John Wingate, Daniel Doty, Matthew Hueston, Capt. John Cleves Symmes, John Sutherland, the Bigham Family, and Dr. Jacob Lewis. 2 vols. 8vo. Vol. I., $3.50; Vol. II., $3.00. Large paper. Vol. I., $7.00; Vol. II., 6 00

Mr. McBride, the author of these biographies, who died in 1859, at the age of seventy years, and who was at that date one of the oldest and best known pioneers of Southern Ohio, was well qualified for this work by his tastes, early associations, and opportunities for collecting such materials. . . . They certainly are not only well written, but are of thrilling interest, and of the greatest value as memorials of the early settlers of Southern Ohio, and of their protracted and bitter contests with the Indians—contests, in all respects, such as the fathers of New England had but a very slight taste of.—*N. E. Hist. and Gen. Register.*

These biographies are by no means confined in their relations to Butler county, but add much to our knowledge of Revolutionary engagements, of the colonization of the Ohio valley, both north and south of the river, of the War of 1812, and even (following the descendants of the pioneers) of the late Rebellion. They may be read, therefore, with a great deal of pleasure and solid profit by the present generation, and will long be prized for their genealogies.—*The Nation.*

McLAUGHLIN. CHINA PAINTING. A Practical Manual for the use of Amateurs, in the Decoration of Hard Porelain. By Miss M. LOUISE McLAUGHLIN. Square 12mo. Fancy boards. 75

This is described on the title page as "A Practical Manual," and the promise thus put forth is carried out to the letter. The author's directions are as plain and direct as they could possibly be. She also enters into every detail of the art which she expounds, not only explaining how to use colors, but giving advice as to what colors and combinations of colors it is best to use relatively to the effects that it is intended to produce.—*Philadelphia Inquirer.*

It is thoroughly practical, being compiled on the principle of what is worth doing at all is worth doing well. . . . A more painstaking and instructive work on the subject it is impossible to wish for. Every chapter is written in a most clear and lucid manner, in which the author's earnest purpose and experience is evinced throughout. —*British Mercantile Gazette.*

The little book is quite a typographical gem, both inside and out. The design of the cover is unique.—*Publisher's Weekly.*

McLAUGHLIN. POTTERY DECORATION. Being a Practical Manual of Underglaze Painting, including Complete Details of the Author's Mode of Painting Enameled Faience. By Miss M. LOUISE McLAUGHLIN. Square 12mo. Fancy boards. 1 00

"Pottery Decoration under the Glaze," bearing every evidence of great care in preparation, is a valuable little book coming from the pen of Miss McLaughlin. She is so well and widely known from her discovery in 1877 of the method of painting the celebrated Haviland or Limoges faience, and the admirable work which her discovery has enabled her since then to produce, that any book by her should attract interest. When to this interest valuable information is added, it makes the work doubly desirable. Her preface is a modest one, and tells us that the pages following are simply an account of results attained and facts acquired, every one of which can be vouched for as a record of personal experience.—*Art Interchange.*

Miss McLaughlin is thoroughly well informed upon this particular subject, and has, besides, a faculty for conveying instruction which many more voluminous writers have not. It would be impossible for the dullest student to become confused while studying her clear and concise directions.—*Boston Transcript.*

MacLean. Jewish Nature Worship. The Worship of the Reciprocal Principles of Nature among the Ancient Hebrews. By J. P. MacLean. 18mo. Paper. 25

MacLean. A Manual of the Antiquity of Man. Illustrated. By J. P. MacLean. 12mo. Cloth. 1 00

This work contains in condensed form all that has been written on the antiquity of man. No work of the same number of pages contains so much information. It traces the evidences of man from the Miocene epoch down to the historical period, and classifies all the discoveries which have been made.

Whether we at once fall in with the author's views or not, this work has great merit. In fact, it is the most instructive book upon this subject—the natural history of the human race—we have ever read. No one can fail to be interested in reading this book: and when you begin to read it, you will not quit till through; and when once read, you will want to read it again.—*The American Medical Journal.*

MacLean. Mastodon, Mammoth, and Man. Illustrated. By J. P. MacLean. 12mo. Cloth. 60

This work is of great value to the geologist and zoologist, as well as to the ordinary reader. All accessible facts concerning the mastodon and mammoth are given. The work is accompanied by a table enumerating the thirty-eight different varieties of the mastodon, with their scientific names explained, and the epochs and localities to which each belonged. Part third shows that man was contemporary with these animals from the earliest times.

MacLean. The Mound Builders. Being an Account of a Remarkable People that once Inhabited the Valleys of the Ohio and Mississippi. Together with an Investigation into the Archæology of Butler County, Ohio. Illustrated with numerous woodcuts, and a map of Butler County. By J. P. MacLean. 12mo. Cloth. 1 50

The work gives a full account of all that is known concerning that people who built the stupendous monuments found in the valleys of the Ohio and Mississippi. It treats fully the important questions, such as Works of Defense, Sacred Enclosures, The Five Classes of Mounds, Works of Art, Mining, Advancement in the Sciences, Tablets, Frauds Perpetrated, Civilization, Antiquity, Who were the Mound Builders, What Became of Them, etc.,

besides recording important *discoveries* never published before, viz., "Ancient Fire-Beds," "The Method of Planting, as Pursued by the Pre-Historic Engineers," etc.

This is a genuine contribution to the literature of an interesting subject. As a volume recording careful observations and faithful descriptions, this work must have a real value.—*N. E. Hist. and Gen. Register.*

The book is an interesting summary of all the essential facts revealed by investigation of the remains of the Mound Builders, and a specific contribution to the general store of information on the subject.—*New York Evening Post.*

The author has sifted, analyzed, and put into compact shape a large amount of matter which until now has only been available except through the study of many books. To the student of archæology this work is one of great value.—*Boston Evening Transcript.*

Mr. MacLean has long been an ardent student and investigator, and his experience is large and valuable. The results of his investigations are given in this book in a particularly interesting, modest, and convincing manner.—*Kansas City Review of Science.*

MANSFIELD. PERSONAL MEMORIES, Social, Political, and Literary, with Sketches of many noted People. 1803–1843. By E. D. MANSFIELD, LL.D., author of "American Education," "Legal Rights of Women," "Life of Daniel Drake," etc. 12mo. Cloth. 2 00

Among the contents are: Early Life at "Ludlow Station;" The First Observatory Established there; The First Surveys in Indiana; Journey East in 1809; War of 1812; New Haven in 1813; Organization and System of West Point; Connecticut Society; Princeton and its Education and Professors; Litchfield Law School; Journey to Cincinnati in 1825; Cincinnati Society; Its Lawyers, Doctors, Clergy, and Editors; Its Parties and Amusements; Literary Club in 1833; College of Teachers in 1834; Origin of the Southern Railroad; Convention of 1836; Voyage down the Tennessee; Politics; Presidential Elections; Jackson's Cabinet; Van Buren; Nullification; Proclamation; War on the United States Bank; Commercial Overthrow of 1837; Political Campaign of 1840; Progress of the Press.

In this collection of Social and Political Reminiscences, the author has gathered up the fruits of a prolonged and rich experience, and presented them in a form which challenges the interest of all lovers of the olden times, and who delight to watch the progress of affairs from the primitive simplicity of the past to the artificial improvements of the living age. . . . He commands an easy narrative style, makes no attempt at fine writing, is always unaffected, sincere, cordial, and never fails to win the sympathy and respect of the reader by his natural manner, his large knowledge of men and affairs, his high tone of character, and his purity and soundness of principles. —*New York Tribune.*

MANYPENNY. OUR INDIAN WARDS. A History and Discussion of the Indian Question. By Hon. GEORGE W. MANYPENNY, Commissioner of Indian Affairs, 1853–1857, and Chairman of the Sioux Commission of 1876. 8vo. Cloth. 3 00

In the preparation of this work, it has been the object of the author to place before his readers such facts as will enable them to arrive at a just conclusion as to the origin of the ever-recurring and never-ending Indian complications, and to invoke their aid in such reforms as will ameliorate the condition of "Our Wards," whose sufferings and trials in the past, as well as at this time, appeal so pathetically to the stronger race for help.

. . . In the treatment of the subject, the author, although not aiming at an exhaustive history of the Indian race, from the time of the discovery of America, has amassed a great amount of important information, such as we believe has not been before presented in a single volume. To most readers it will have the attraction of novelty, as well as of earnest appeal to the sense of justice and humanity. Mr. Manypenny writes without vehemence, without passion, without the love of effect; his statements evince a judicial calmness and devotion to truth, but they evidently proceed from intense conviction, based upon a profound personal knowledge of the subject, and a vital sense of human rights and public justice.—*New York Tribune.*

A timely and valuable manual, both for the historical student and for the statesman, . . . containing a clear and detailed account of our Indian relations, from the beginning of the government down to the Ute difficulty. He calls it "*Our Indian Wards*," and he agrees with all who are most familiar with the subject, that trouble with the Indians has always proceeded from us.—*Harper's Weekly.*

MATTHEWS. A SUMMARY OF THE LAW OF PARTNERSHIP. For the Use of Business Men. By Hon. STANLEY MATTHEWS. 12mo. Cloth, $1.25. Sheep, 1 50

This outline of the law of partnership has been sketched for the use of the business community. It aims to give nothing more than a general view of the principles on which it is based, and the rules for their application. It is not designed to supersede the necessity of professional advice. On the contrary, its chief value will consist in pointing out the occasions when such assistance is needed, and in enhancing the appreciation of it when rendered.

CONTENTS: I. Of the Nature of Partnership, and by whom and how it may be formed. II. Of Persons Liable as Partners to the Public. III. Of the Different Kinds of Partnerships and Partners. IV. Of the Interest of the Individual Partners in the Partnership Property. V. Of the Mutual Relations of Partners and Third Persons. VI. Mutual Rights and Duties of Partners. VII. MAY. JOURNEY TO THE OHIO COUNTRY. Journal and Letters of Colonel JOHN MAY, of Boston, relative to Two Journeys to the Ohio Country, in 1788 and 1789, with a Biographical Sketch by Rev. *Richard Eles*, of Boston, Mass., and Illustrative Notes by *Wm. M. Darlington*, of Pittsburgh, Penn. 8vo. Cloth. 2 00

Colonel May was a native of Pomfret, in Connecticut. He became a resident of Boston at an early age. He often felt a desire to remove to lands which he owned "at Muskingum," in Ohio, but his wife's friends opposed the measure. According to his biographer, he was brusque in manner, hasty and choleric in temper, but so genial and kindhearted that he was much beloved by those who knew him best. In the spring of 1788, Colonel May left home on a tour to the Western regions. The journal is an interesting record of that tour, with its stirring events and the daily life of those pioneers who settled Marietta, at the mouth of the Muskingum.—*Historical Record.*

METTENHEIMER. SAFETY BOOK-KEEPING. Being a Complete Exposition of Book-Keepers' Frauds—how Committed, how Discovered, how Prevented. Also, containing a Safe Method of Managing the Cash

Department of Retail Stores; a Convenient Method of Keeping a Purchase Account for Commission-Houses, and a Collection Account for Bad Debts. With other Suggestions of Value to Merchants and Book-Keepers in the Managements of Accounts. By H. J. METTENHEIMER. 18mo. Cloth. 1 00

CONTENTS: Book-Keepers' Frauds; Transposition of Figures; Original Ledger Entries and False Ledger Balances; Petty Cash Books; Bill or Note Accounts; City Invoice Books; Short Cash; Book-Keepers' Personal Account; Pay-Rolls; Gold Bills; Collection Account; A well-known Fraud; Salary Signature Book; To Prevent Fraud in the Cash Department of Retail Stores; To Prevent Fraud; An Apology for Book-Keepers; Remedies at Law for Frauds in Book-Keeping; A Check on Hazardous Accounts.

The suggestions made are shrewd and practical, all tending to these two rules, which can not be too forcibly urged upon business men: insist upon minute entries of transactions, and upon an orderly and systematic practice throughout; then use your own eyes, and put unquestioning trust in nobody. No man is fit to be in business who is either too busy, too unskillful, or too indolent to sharply scrutinize with frequency the inside of his affairs. We see no reason why this little book should not help to make each man his own detective.—*The Financier.*

This little work, it is certain, might be studied with advantage by all men in business, and there is reason to believe that, by enabling them to audit their own accounts, it would save many from falling victims to the long-continued dishonesty of employes. —*British Trade Journal.*

MINOR. ERYSIPELAS AND CHILD-BED FEVER. Including an Inquiry into the Connections said to exist between Child-Bed Fever and Erysipelas; also, a short Account of both Diseases as they prevailed sporadically in the United States during the "census year, 1870." And an Appendix containing the History of a Puerperal-Fever Epidemic observed in Southwestern Ohio in the Winter of 1872. With two folding mortality tables. By THOMAS C. MINOR, M.D. 8vo. Cloth. 2 00

During the past year a valuable monograph on erysipelas and child-bed fever, by Dr. Thomas C. Minor, of Cincinnati, Ohio, has been published. The book is based on a most painstaking and laborious study of the vital statistics of the census of the United States for 1870, and an epidemic of puerperal fever which prevailed in Southwestern Ohio in 1872, and I think it is worthy of careful perusal by all who seek to influence medical opinion on the subject of puerperal fever.—*Dr. Fordyce Barker before the Historical Society of London.*

MONTANA. HISTORICAL SOCIETY. Contributions, with its Transactions, Life and Adventures of James Stuart, Trip up South Snake River, etc. Vol. I. Portrait of James Stuart. 8vo. Cloth. 3 00

A volume neither meager nor inelegant, but the reverse. The chief interest of these "contributions" centers in the narratives of mining, exploration, and adventure, and especially in the career of the remarkable character, James Stuart. His journal of the

disastrous Yellowstone Expedition of 1863, of which he was captain, annotated by two of his surviving comrades, exceeds for pioneer romance and melodramatic possibilities anything that Poker Flat has produced for us through the genius of Mr. Bret Harte. —*The Nation.*

MORGAN. THE SHAKESPEAREAN MYTH; or, William Shakespeare and Circumstantial Evidence. By APPLETON MORGAN, A.M., LL.B., author of "Law of Literature," Notes to "Best's Principles of Evidence," etc. 12mo. Cloth. 2 00

The theory certainly has grown in importance of late years. It is no longer flouted as impossible. It is admitted as ingenious, as possible, and even as highly probable by many persons who have gone carefully into the question. It is one of the many puzzles of history and literature which are full of attraction to certain minds. It is very doubtful whether the question can ever be definitely settled. Those, however, who feel inclined to make some little investigation for themselves into the matter, will find Mr. Appleton Morgan's volume exceedingly interesting. Whoever takes the trouble of going through it will find practically all the facts necessary to enable him to form his own judgment in the matter.—*Westminster Review.*

Such works can be read only as strange examples of entertaining paradox; but we must say that in the present instance the paradox is well worked out and cleverly sustained, and persons who, in this age teeming with books really worth attention from educated men, have leisure for such amusements, may occupy some hours profitably in studying the theory of the "Shakespearean Myth.—*London Saturday Review.*

Under the title "The Shakespearean Myth," Mr. Appleton Morgan, who is known as a writer on the "Law of Literature," and the "Principles of Evidence." has collected a large amount of evidence of various kinds to prove that Shakespeare did not write the plays attributed to him. He discusses the theory that they were written by Bacon alone, and the theory that they were written by Bacon and other literary men of that age. The decision to which he comes, and to which he brings facts, satire, criticism, and strong feeling, is that Shakespeare was the editor, and not the author, of the plays. The authors are unknown, but, in all human probability, Bacon was the chief of the group who wrote them. Shakespeare, the rough, uneducated wit, added the coarser and more popular characters and scenes, and it is doubtful whether these liberally edited works can ever be apportioned among the true authors. Mr. Morgan is an enthusiastic admirer of the Shakespeare plays; it is because they are to him the greatest work in all literature, the work "that will be close to the hearts of every age and cycle of man, till time shall be no more," that he can not believe that they were written by one unlettered man, of whom so little is known. He declares that if William Shakespeare wrote the plays, it was a miracle. But he does not believe in such a miracle, and he finds that the miraculous element, and Shakespeare with it, disappears in the light of external evidence and historical research. The book is interesting, whether one agrees with it or not, summing up, as it does, all the doubts in the question that have for a hundred years been made public.—*Boston Daily Advertiser.*

NASH. CRIME AND THE FAMILY. By Hon. SIMEON NASH, author of "Morality and the State," "Pleading and Practice under the Codes of Ohio," etc. 12mo. Cloth. 1 25

This is a most excellent and practical treatise on the cause of crime. It is by the Hon. Simeon Nash, who was for a long time upon the bench in Ohio, and whose attention was called to the subject by the frequent occasion he had, during his services on the bench, to pass sentence upon boys found guilty of crimes. He discusses the subject in a plain, straightforward, practical manner, and shows with considerable conclusiveness that the cause of crime is intimately and practically connected with family government, or rather the want of it. . . . The work will be found of much interest to the reader, and, we have no doubt, of great value to the public.—*Western Jurist.*

There is common sense and wisdom enough in "Crime and the Family" to furnish a score of volumes of average weight. . . . This book is clear, direct, practical, and in all respects well adapted to its end. We confidently commend it to parents, sharing the author's opinion that the true policy is to prevent crimes, and that education begins at home.—*Literary World.*

NERINCKX. THE LIFE OF THE REV. CHARLES NERINCKX. With a Chapter on the Early Catholic Missions of Kentucky; Copious Notes on the Progress of Catholicity in the United States from 1800 to 1825; an Account of the Establishment of the Society of Jesus in Missouri; and an Historical Sketch of the Sisterhood of Loretto, in Kentucky, Missouri, New Mexico, etc. By Rev. CAMILLUS P. MAES. Portrait. 8vo. Cloth. 2 50

The name of Father Nerinckx is a household word in the State of Kentucky, and we doubt whether among the bright galaxy of missionary priests of the United States during the first quarter of the century there is one more worthy of the tribute of admiration and gratitude of our countrymen. Honored, through the influence of the Most Reverend Doctor John Carroll, with a nomination to the Episcopal dignity, a responsibility which his humility led him persistently to refuse, Father Nerinckx spent himself for Christ's sake in the humbler walks of the sacred ministry. Manuscripts from the Archives of the Archdiocese of Baltimore, and from the Bollandist Library at Brussels, hitherto unpublished, have been made available for the work. No one who takes an interest in the development of the Church in America can afford to be without this treasure of unpublished documents.—*The Ave Maria.*

NICHOLS. THE CINCINNATI ORGAN. With a Brief Description of the Cincinnati Music Hall. With illustrations. By GEORGE WARD NICHOLS. 12mo. Paper. 25

This excellent book not only describes the mechanism of the musical part of the organ, with the decoration of the screen, but it fills a place in the literature of the organ, which, for some unexplained reason, has always been vacant. No one has ever before thought it necessary to tell us what

an organ really is—what is meant by "stops," "wind chests," "swell boxes," "pneumatic action." "trackers," and all other technical terms. These are clearly explained in this book, so that any one may understand them.

OHIO VALLEY HISTORICAL MISCELLANIES. I. Memorandums of a Tour made by JOSIAH ESPY in the States of Ohio and Kentucky and Indiana Territory, in 1805. II. Two Western Campaigns in the War of 1812–13: 1. Expedition of Capt. H Brush, with Supplies for General Hull. 2. Expedition of Gov. Meigs, for the relief of Fort Meigs. By SAMUEL WILLIAMS. III. The Leatherwood God; an Account of the Appearance and Pretensions of J. C. Dilks in Eastern Ohio, in 1828. By R. H. TANEYHILL. 8vo. $2.50. Large paper, 5 00

The last volume is one of the most interesting of the series. Mr. Espy's narrative is that of a man with a "curiosity for observation," as he himself says, and with an acute judgment, which led him frequently to conclusions greatly in advance of his time. . . . The Leatherwood God is one of the most extraordinary narratives of religious fanaticism we have ever met with.—*Nation.*

The Ohio Valley Series are well printed and well got up. . . . In the last volume we find a narrative of operations in the same region, during the war of 1812, and a very curious and interesting account of the achievements of a predecessor of Joe Smith, who appeared for the first time, no one knew how or whence, at a meeting of the Ohio Methodists in the open air, who laid claim to extraordinary physical and spiritual powers, his possession of which his disciples unhesitatingly believed, and who finally, after duping numbers into a conviction that he was no other than the incarnate Deity, suddenly disappeared, no one knew whither. The story is instructive and significant, as an example of the credulity of a comparatively educated, intelligent, and hard-headed people, when their religious sense and their appetite for marvel and mystery are at once appealed to.—*London Saturday Review.*

Handsomely printed octavo volumes, uniformly bound in cloth, gilt top. A few large paper sets were printed at double the above prices.

They are all beautifully printed on fine paper, with rubricated title pages, and should be in the possession of every intelligent family in the Ohio Valley, and held almost as sacred as a family record. They are golden grains which compose the history of the heroic age of that country.—*Historical Record.*

The "Ohio Valley Historical Series" may well be termed model books in their way. In form and execution so dainty and elegant that the East may well look to her laurels in the typographic art, if she would not be outdone by the Cincinnati printers. Nor are the contents of these volumes less fascinating than their excellencies of mechanical

execution . . . We welcome this noble (though private) enterprise, which has undertaken to give us in so authentic and so handsome a shape these precious historical memorials of the Ohio valley. Their interest is not merely local; it is national in its character.—*New York Genealogical and Biographical Record.*

The series is one of great local interest, and worthy of something more than a mere local notoriety.—*London Saturday Review.*

PIATT. PENCILLED FLY-LEAVES. A Book of Essays in Town and Country. "How the Bishop Built his College in the Woods," etc. By JOHN JAMES PIATT. 16mo. Cloth. 1 00

Those who have followed the author's very creditable journalistic career will recognize some of the essays as old acquaintances, and be glad to find that they have abandoned their fugitive existence and gained a permanent abode. Others have new faces, but they will be welcomed to the brotherhood into which they have been gathered. "How the Bishop Built His College in the Woods," a very interesting account of Bishop Chase's work in founding Kenyon College, is the piece de resistance of the feast. The miscellanies which precede it are generally trifles, if length only is to be considered, but they are none the less appetizing. The poetry of many writers is only respectable prose. Mr. Piatt's prose is full of poetry. Less subjective than his verse, it retains many of its beauties and adds a subtle aroma of that geniality, more easy to appreciate than to describe, which gives such an attraction to the writings of Lamb and Howells —*Cincinnati Gazette.*

POOLE. ANTI-SLAVERY BEFORE 1800. An Essay. Read before the Cincinnati Literary Club, November 16, 1872. By WILLIAM F. POOLE. To which is appended a fac-simile reprint of George Buchanan's Oration on the Moral and Political Evil of Slavery, delivered at a Public Meeting of the Maryland Society for Promoting the Abolition of Slavery, Baltimore, July 4, 1791. 8vo. Paper, 75c. Cloth, 1 25

Mr. Poole has made a careful and diligent inquiry how far the opinions of Dr. Buchanan represent the current sentiment of that time on the subject of slavery. In pursuing that inquiry he finds that the opinions and sentiments of most of the leading public men in the Middle and Southern States were not only hostile to the continuance of the African slave trade, but that on both moral and economical grounds they were earnestly desirous of extinguishing domestic slavery as fast as it could be done safely and lawfully. . . . In connection with the text, Mr. Poole gives much biographical, anecdotal, and statistical matter, which enhances the interest and merits of the work. The volume is handsomely printed, and must be regarded as a very valuable contribution to the literature of the subject on which it treats.—*New England Historical and Genealogical Register.*

PRACTICAL RECEIPTS OF EXPERIENCED HOUSEKEEPERS. By the Ladies of the 7th Presbyterian Church, Cincinnati. Second edition. 12mo. Cloth. 1 25

The sources from which the materials forming the volume have been derived are such as to render it deserving of the utmost confidence. No receipt has been admitted into the work that has not been tested and recommended by some well known and reliable authority; generally by one or more of the ladies comprising the society by which the compilation was made.

PRENTICE. THE POEMS OF GEORGE D. PRENTICE. Now first collected and edited, with a Biographical Sketch, by *John James Piatt*, author of "Western Windows," etc. Illustrated with a fine steel-plate portrait of Mr. Prentice. 12mo. Cloth, $2.50. Cloth, gilt edges, $2.50. Full morocco, gilt, 5 00

Since the death of George D. Prentice, there has been a constant demand for an edition of his poems. Mr. Piatt, who was intimately associated with him, has made this collection, procuring his materials from widely-scattered sources, and, in some cases, from original manuscripts. It is believed to be a collection such as Mr. Prentice himself would have approved, and it faithfully represents his abilities as a poet.

While Mr. Prentice will always be remembered for the bright and witty sayings which he so profusely lavished in the columns of the *Louisville Journal*, his lasting record will be found in the beautiful verses which are collected in this volume.

This, we believe, is the first publication of Prentice's poems, in a collected shape, and it is a book that a great many people will wish to possess—both for its intrinsic value and as a souvenir of a friend.—*St. Louis Republican.*

QUICK. ESSAYS ON EDUCATIONAL REFORMERS. By ROBERT HEBERT QUICK, M. A., Trinity College, Cambridge. 12mo. Cloth. 1 50

Pestalozzi; Jacotot; Herbert Spencer; Thoughts and Suggestions abont Teaching Children; Some Remarks about Moral and Religious Education; Appendix.

We have read this book twice. There is no other *resumé* that is at once so brief and so comprehensive. We do not see how intelligent parents, teachers, and school directors can afford to be without it. . . . The influence it could exercise is just now much needed in our national educational system. —*Atlantic Monthly.*

The essays are finely written, in classic English, and in the true professional spirit of an experienced and accomplished teacher.—*The College Courant.*

RANCK. HISTORY OF LEXINGTON, KENTUCKY. Its Early Annals and Recent Progress, including Biographical Sketches and Personal Reminiscences of the Pioneer Settlers, Notices of Prominent Citizens, etc. By GEORGE W. RANCK. 8vo. Cloth. 4 00

It is very seldom that any locality can secure so faithful an annalist as Mr. Ranck has proved himself to be; and we very rarely find a work of this class which has been prepared with such evidently untiring industry. Nothing seems to have been forgotten or overlooked of what Lexington has ever seen or ever done; and it seems that no one has ever set foot within her boundaries without finding a place in this admirable record.—*Historical Magazine.*

REED. THE VICKSBURG CAMPAIGN, and the Battles about Chattanooga, under the Command of General U. S. Grant, in 1862-63. An Historical Review. By SAMUEL ROCKWELL REED. 8vo. Cloth. 1 50

Mr. Reed has furnished a volume of very spicy reading. Taking Badeau's Life of Grant as his text, with references to Gen. Sherman's Memoirs, Mr. Reed attacks the soldiership of both Grant and Sherman at every point at Vicksburg and at Chattanooga. —*Army and Navy Journal.*

The volume can be unreservedly commended to all students of war history. It is one of the most careful and courageous pieces of historical criticism to which our voluminous military literature has given rise. The iconoclasts will enjoy it, and even the image worshipers may read it with interest and profit.—*N. Y. Tribune.*

No work of military criticism so temperate in its tone, so thorough a study of events and situations, so impartial in its analysis, so manifestly just in its conclusions, and at the same time so severe in its implications, has been written in this, perhaps in any other, time and country.—*Washington Chronicle.*

REED. THE WAR OF 1886 between the United States and Great Britain. The Surprising Experience—The Military and Financial Situation of our Beloved Country—Capture of the Lake Seaboard and Mississippi River Cities and the Capital—The British Terms of Peace—The Military and Financial Reconstruction. By SAMUEL ROCKWELL REED. 12mo. Paper. 25

The writer does not spare his countrymen, and as his object is to warn them against tall talk when they are notoriously unprepared for war, it may be hoped that the lessons he desires to give them will be taken to account.—*The Broad Arrow, London.*

Its author's purpose is more serious than that of mere amusement. He is one of those who see the grave mistake this country is making in assuming that preparation for war need have no part in its calculations, and he sets forth a picture of what may result from this carelessness to arouse public attention to the necessity for national defense.—*Army and Navy Journal.*

The author believes that we are absolutely

destitute of any military defense, and that our financial and commercial systems expose us to frightful disasters in case of a foreign war; and he undertakes to arouse his countrymen by pointing out what would happen if the conspiracies of Fenian agitators, and the criminal complicity of American demagogues should involve us in hostilities with Great Britain.—*N. Y. Tribune.*

REEMELIN. CRITICAL REVIEW OF AMERICAN POLITICS. By CHARLES REEMELIN. 8vo. Cloth. 3 00

It is an attempt to present a rational and philosophical survey of the history of American party government, from the establishment of the constitution to the present time. It is the work of a writer now nearly seventy years old, who has had great opportunities for the close observation of the working of the machinery of partyism, and who, having overcome his earlier party bias, approaches his subject in a spirit of great candor and fairness.—*Chicago Times.*

He aims at a comprehensive and philosophical course of political reasoning. In his opinion, the great American public disease is that the present government, by party, places the public administration, from the President down to township officers, in the hands of mere politicians. He regards American party government with its spoils system, as an illegitimate parasite, more destructive of legitimate public interests, and eating up more of the substance of the people than any tyranny recorded in history.—*New York Times.*

REEMELIN. GREENE TOWNSHIP. Historical Sketch of Greene Township, Hamilton County, Ohio. By CHARLES REEMELIN. With folded list of settlers from 1802 to 1850. 8vo. Paper. 25

REEMELIN. TREATISE ON POLITICS AS A SCIENCE. By CHARLES REEMELIN. 8vo. Cloth. 1 50

The design of the work is to lend a helping hand to the politicians who seek in public life the perpetuation of good government, as against the spurious politicians, who look upon politics as step-ladders to power, and to whom a good government is a defeat of their schemes.—*Preface.*

REEMELIN. THE WINE-MAKER'S MANUAL. A Plain, Practical Guide to all the Operations for the Manufacture of Still and Sparkling Wines; embracing Chapters on the Vintage; When and How to Pick and Cull Grapes; Preparations for Wine-Making; The Ingredients and Improvements of "Must;" Fermentation and the Changes produced by it; The Heating or Firing, Keeping and Bottling of Wines; Still, Sparkling, Sweet, Spiced, and Frozen Wines; Wine Colors, The Constituents, Acidity, and Ailments of Wine; Artificial and Imitation Wines. The work also contains full instructions for making Cider, Fruit, and Berry Wines, etc. By CHARLES REEMELIN, author of the "Vine-Dresser's Manual." 12mo. Cloth. 1 25

This is a valuable acquisition, as all will readily testify who have need of instruction in wine-making. The questions involved in the various processes of manufacture are treated with great ability, and we should advise every one who has any desire to learn any thing upon this important subject to possess himself of a copy.—*Ruralist.*

Discusses every point connected with wine-making, gathering grapes, pressing out the juice, wine presses, must; nature and improvement of fermentation, cellars, bottling, etc. All the modern processes for improving wine are given, and the subject discussed in the light of the most recent discoveries in chemistry. The remarks on the processes for correcting over acidity, the want of sugar in our grapes, will prove particularly interesting.—*Southern Cultivator.*

THE ART OF PLEASING. A Lecture. By GEORGE ROY,
...or of "Generalship." 12mo. Paper. 25

RUSSELL. THOMAS CORWIN. A Sketch. By A. P. RUSSELL, author of "Library Notes." With a finely engraved portrait of Mr. Corwin. 16mo. Cloth, 1 00

It is a free sketch of a great genius by an acquaintance and admirer. It is not expanded to bigness and dullness by a tedious recital of dry facts and uninteresting incidents, but is confined to such statements, references, and illustrations as give a fair idea of the eminent man's character and genius. It is, in fact, and in a word, the author's Corwin, as he saw him and understood him. It abounds in anecdotes and illustrations of the most entertaining character. Though small in bulk, it is more extensive and elaborate than any thing that has yet appeared relating to the great orator, and, it is believed, will be found more interesting and satisfactory.

RUSSELL. SCIENTIFIC HORSESHOEING FOR THE DIFFERENT DISEASES OF THE FOOT. By WILLIAM RUSSELL, Practical Horseshoer. Illustrated. 8vo. Cloth. 1 00

The author of this book has been a practicing farrier for more than forty years. His record is one of rare success, and he has long been recognized by the leading horsemen of this country as the foremost shoeing smith of the age.

This book aims to give the practical details of the most approved and rational plans and principles of Horseshoeing in the plainest and most complete manner possible. A large share of the work is devoted to the diseases of the foot, and the subject of pathological shoeing is fully treated.

A work of this kind, explaining the principles of the art, and describing the whole process of shoeing, is greatly needed.—*Vermont Record and Farmer.*

He thoroughly understands his subject. . . . Diseases induced by bad shoeing and cured by good shoeing are clearly and fully set forth.—*Philadelphia Times.*

The book is, indeed, well worth its price to every horse-owner and blacksmith in the land.—*The Country Gentleman.*

THE ST. CLAIR PAPERS. The Life and Public Services of Arthur St. Clair, Soldier of the Revolutionary War, President of the Continental Congress, and Governor of the Northwestern Territory. With his Correspondence and other Papers, arranged and annotated. By Hon. WM. HENRY SMITH, of Chicago. 2 vols. 8vo. Cloth. With two portraits and a map. 6 00

The author makes conspicuous the genius, ability, patriotism, and courage of St. Clair, heretofore unjustly neglected by historians; adds new interest to the brilliant exploits on the Delaware in the winter of 1776–77, and for the first time, places before the reader a complete account of the evacuation

of Ticonderoga and Mount Independence in July, 1777, which resulted in the capture of Burgoyne and his army. He corrects errors committed by previous historians, and on controverted points, presents new views drawn from hitherto unpublished materials.

Prefaced to the papers is a summarized record of St. Clair's whole career, now for the first time authentically prepared. Mr. Smith's work gives evidence of a thorough study of the subjects in all their bearings, and renders the publication one of the most important recent contributions to American history. With great patience and a reasonable freedom from bias, he has presented the facts for candid consideration; and he has well-nigh vindicated St. Clair from the most of what the public has had to urge in his condemnation, at the same time strikingly indicating the unremitting sinister fortune which attended him.—*New England Historical and Genealogical Register.*

The value of the original material furnished in these volumes is very great; and army officers who take an interest in the history of the Revolutionary forces, and also in the army, as it existed in the closing years of the last century, and the beginning of the present, will find this work a mine of information.—*Army and Navy Journal.*

. . . A fortunate choice of an editor was made in William Henry Smith, formerly Secretary of State of Ohio, to whom the career of St. Clair has been the subject of special study. From his pen comes the interesting memoir prefixed to these papers, which rescues the memory of St. Clair from unjust aspersion and undeserved forgetfulness, and shows him as he really was, a frank and noble man, a cultured and polished gentleman, a gallant and skillful soldier, an able and unselfish statesman, and places his name very near to that of Washington. And it is difficult to deny it this honor, after a careful perusal of Mr. Smith's loving tribute to his hero.—*The American.*

SMITH. CAPTIVITY WITH THE INDIANS. A reprint of "An Account of the Remarkable Occurrences in the Life and Travels of Colonel JAMES SMITH (now a citizen of Bourbon county, Ky.), during his Captivity with the Indians in the years 1755, '56, '57, '58, and '59. In which the Customs, Manners, Traditions, Theological Sentiments, Mode of Warfare, Military Tactics, Discipline, and Encampments, Treatment of Prisoners,

etc., are better explained and more minutely related than has been heretofore done by any author on that subject. Together with a Description of the Soil, Timber, and Waters where he traveled with the Indians during his captivity. To which is added a Brief Account of some very uncommon Occurrences which transpired after his return from captivity; as well as of the different Campaigns carried on against the Indians to the westward of Fort Pitt, since the year 1755 to the present date. Written by himself. Lexington: printed by John Bradford, on Main street, 1799." 8vo., $2.50. Large paper, 5 00

The narrative of such a man, concerning what he actually saw and endured, would be interesting under any circumstances, but in such a case as this, wherein his story extended over the history of what is now the third State of the Union, during a term of years, it necessarily possesses unusual interest to those who occupy that territory, and to all students of American history the world over. It is enriched with appropriate notes, sufficiently numerous and amply sustained by competent authorities, from the pen of our respected friend, Wm. M. Darlington, Esq., of Pittsburgh. A good index closes the volume.—*Historical Magazine.*

A remarkable, graphic picture of Indian life. Smith was adopted into a tribe, and lived with the Indians for four years. His curious account is reproduced in all its piquant originality of expression, and makes one of the most faithful representations of savage existence of which we have any knowledge.—*Galaxy.*

STANTON. JACOB BROWN, AND OTHER POEMS. By HENRY T. STANTON, author of "The Moneyless Man," etc. 12mo. Cloth, $1.50; Cloth, gilt edges, $2.00; Full morocco, gilt edges, 5 00

This new volume has been carefully compiled from his later and better poems, many of which have already appeared in some of the best eastern journals, which have always paid him liberally for his productions.

The author of "Culex in Carminæ," which won such wide popularity, has excelled himself in the poem "Jacob Brown," which we publish in this number, and which for quaintness of conceit, as well as of expression, has few parallels in our language. In originality it certainly is not exceeded by Hart or Hay or Joaquin Miller, while in versification it has not been surpassed since Poe's day.—*Frank Leslie's Illustrated News.*

The title-poem is bright with humor and strong in satire. One of the most broadly humorous poems in the volume is "Culex in Carminæ," but it has a moral. Parson Giles is rather rough, but funny. The author husbands his wit till the end of his poem, when it bursts out like a rocket.—*Literary World.*

STRAUCH. SPRING GROVE CEMETERY, CINCINNATI. Its History and Improvements, with Observations on Ancient and Modern Places of Sepulture. By A. STRAUCH, Superintendent. 4to. The text beautifully printed within ornamental colored borders, on heavy tinted paper, and illustrated with twenty-six full page and three small photographs, giving general views of and in the Cemetery, its lakes, lawns, trees, etc., and of some of the best monuments. Cloth gilt, gilt edges, $15.00. An 8vo. edition, without the borders and illustrations. Cloth. 2 00

One of the choicest specimens of Western book-making that we have seen, and we are not sure that we should make any qualification of the superlative, is the quarto volume published by Messrs. Robert Clarke & Co., of Cincinnati, entitled "Spring Grove Cemetery; its History and Improvements, with Observations on Ancient and Modern Places

of Sepulture." Spring Grove ranks among the largest of the cemeteries by which this country is honorably distinguished, and is not very far from being the foremost. Altogether, this volume is capable of affording pleasure and useful suggestions wherever it may go, and as it contains ideas which are as applicable to parks as to cemeteries, we shall wish that every growing town or city in the country may vote to supply its select men with a copy.—*Nation.*

STUDER. COLUMBUS, OHIO. Its History, Resources, and Progress, from its Settlement to the Present Time. With map and numerous illustrations. By JACOB H. STUDER. 12mo. Cloth. 2 00

This handsomely illustrated and well-printed volume is really one of the most interesting of local histories with which the writer is acquainted.—*Historical Record.*

It is now seventy-one years since the State of Ohio was admitted into the Union, and sixty-one since Columbus was selected as its capital. The progress of the State and its capital in the subsequent six decades has been most extraordinary. Columbus has become a city, distinguished for the intelligence, enterprise, and wealth of its fast multiplying population. Mr. Studer's book seems to be a carefully prepared and very full history, and will be found to be a useful compendium of information.—*New England Historical and Genealogical Register.*

SWAN. ONCE A YEAR; or, the Doctor's Puzzle. A Novel. By ELIZA B. SWAN. 16mo. Cloth. 1 00

The scene of this pleasing little romance is laid at some famous mineral springs, situated in a valley, high up in the picturesque Blue Ridge Mountains. At such a place, groups of temporary visitors are ever to be found in the "season," seeking the relaxation and jollity of a vacation. The *dramatis personæ* are of a high class as regards intellect and social status. In fact they are worth knowing. We may add that at least *one* marriage occurs in this narrative. The volume is neat, well bound, and particularly well written.—*Philadelphia Evening News.*

The book contains some little punning, a pinch of tariff, with a very big cup of summer boarding-house fun and frolic thrown in, and altogether we have felt an unusual interest in the book.—*N. Y. Independent.*

TANEYHILL. THE LEATHERWOOD GOD. An Account of the Appearance and Pretensions of Joseph C. Dilks in Eastern Ohio, in 1828. By R. H. TANEYHILL. 12mo. Paper. 30

The Leatherwood God is one of the most extraordinary narrations of religious fanaticism we have ever met with.—*The Nation.*

A very curious and interesting account of the achievements of a predecessor of Joe Smith, who appeared for the first time, no one knew how or whence, at a meeting of the Ohio Methodists in the open air, who laid claim to extraordinary physical and spiritual powers, his possession of which his disciples unhesitatingly believed, and who finally, after duping numbers into a conviction that he was no other than the incarnate Deity, suddenly disappeared no one knew whither. The story is instructive and significant, as an example of the credulity of a comparatively educated, intelligent, and hard-headed people, when their religious sense and their appetite for marvel and mystery are at once appealed to.—*London Saturday Review.*

TEN BROOK. AMERICAN STATE UNIVERSITIES. Their Origin and Progress; a History of Congressional University Land-Grants; a Particular Account of the Rise and Development of the University of Michigan, and Hints toward the Future of the American University System. By ANDREW TEN BROOK, Librarian of the University of Michigan. 8vo. Cloth. 2 00

In giving the public the volume before us, Mr. Ten Brook has made a substantial contribution to the history of higher education in America. . . . We hail the work as, for the most part, an original contribution to the educational history of our country. We are sure it contains much information that needs to be disseminated. We are also sure that it will greatly interest every inquiring educator.—*North American Review.*

The style of the author gives an easy and interesting narrative, and the warp of dates, statistics, etc., is interwoven with a story of personal and educational interest, which makes the work one of the most readable to the general reader, as well as to the educational explorer. . . . Educators everywhere will read this valuable contribution with pleasure and profit.—*New England Journal of Education.*

The author has produced in this volume a comprehensive and valuable sketch of early educational efforts in all sections of the country. So far as our knowledge extends, no other writer has wrought in the same field, certainly none with more complete and satisfactory results.—*Literary World.*

TILDEN. KARL AND GRETCHEN'S CHRISTMAS. A Poem. By LOUISE W. TILDEN. Illustrated. Square 12mo. Cloth. 75

Taking up "Karl and Gretchen's Christmas," as one of the many children's books now appearing, I read it through, and thought it just the prettiest, sweetest and best Christmas story I ever read. Then I read it aloud to the family, and we took a vote unanimously that it is perfectly beautiful, and that it must be the gem of the season, and gladden thousands and tens of thousands of children's hearts and homes this winter.—*S. Irenæus Prime.*

Is sure of a wide circulation on its own merits. Having read three verses we were ot once captivated, and we read on until we had finished it, with more and more interest to the end. It is a rare gem. We trust our readers in search of Christmas presents for the little ones will be sure to secure it.—*Herald and Presbyter.*

It is a sweet and simple story in smoothly flowing verse, telling of two poor children, who, when the Christ-child forgot—as they supposed—to fill their little wooden shoes, went in search of him, and, after getting lost in a driving snow-storm, wandered to a rich man's door, where they were welcomed, fed, clothed, given beautiful presents, and made a friend for life. The publishers have given it attractive binding, pretty pictures, good paper, and type which even a blundering little reader will find easy to decipher.—*American Bookseller.*

TILDEN. MISSION BAND EXERCISES. Poem, Hymn, and Mission Band Exercises. Written and Arranged for the use of Foreign Missionary Societies and Mission Bands. By LOUISE W. TILDEN. Square 12mo. Paper. 25

D. 1752, now published, for the first time, from a copy in the Archives of the Western Reserve Historical Society, Cleveland, Ohio, together with Letters of Gov. Robert Dinwiddie; an Historical Notice of the Miami Confederacy of Indians; a Sketch of the English Post at Pickawillany, with a short Biography of Captain Trent, and other papers never before printed. Edited by *Alfred T. Goodman*, Secretary of the Western Reserve Historical Society. 8vo. Cloth. 2 50

This volume consists of certain papers never before printed, obtained from the Foreign Affairs Office, London, relating to the trading-post, Pickawillany, which was attacked and destroyed by the French in 1752. An interesting and important contribution to our early history, with valuable illustrative notes and sketches.

VAGO. MODELING IN CLAY. Instructions in the Art of Modeling in Clay. By A. L. VAGO. With an Appendix on Modeling in Foliage, etc., for Pottery and Architectural Decoration. By *Benn Pitman*, of Cincinnati School of Design. Illustrated. Square 12mo. Cloth. 1 00

Modeling can not be learned by book instruction, but such information as can be acquired without a master—for instance, regarding the tools and materials to be used, and the mechanical part of the work—is given fully and lucidly in these pages.—*Art Amateur.*

The book gives excellent and practical ideas as to material and tools, and how an amateur should commence. The work does not pretend to instill genius, but it gives the beginner a fair start at his work, and shows him in a concise form what it would take him a long time to find out for himself in the slow school of experience. Modeling in clay may even be regarded as a pastime. It is a natural art. To many it is much easier to model or carve than to draw.—*Carpenter and Builder.*

It contains a great deal of encouraging information that will be of especial service to young modelers. Apprentices in the modeling rooms of our native potteries should have this book with them as an incentive to correctness in this work.—*Crockery and Glass Journal.*

YOUNG. HISTORY OF WAYNE COUNTY, INDIANA. From its First Settlement to the Present Time. With numerous Biographical and Family Sketches. Embellished with upward of Fifty Portraits of Citizens and Views of Buildings. By ANDREW YOUNG. 8vo. Cloth. 2 00

This is a stately volume, printed with clear type, on thick, fine paper. The author appears to have taken great pains in the preparation of this volume, and has made a very valuable contribution to the local history of Indiana.—*Historical Record.*

It promises well for the history of "the West" that such a volume as this has been already devoted to a record of the simple annals of a single county; and we congratulate the inhabitants of Wayne county, that they have found one who was both able and willing to perpetuate the history of the heroism of their ancestors, and the prosperity which has crowned their humble labors with so much patient fidelity and so much minuteness. The volume is very neatly printed, and is worthy of an extended circulation.—*Historical Magazine.*

We have never found a more complete local history, nor one in which the author has more successfully labored to present the annals, the statistics, and the local biographies of a community, with fidelity and elaborate minuteness; and as a specimen of really elegant typography, it is worthy of all praise.—*Historical Magazine.*

The publication of the *Ohio Valley Historical Series*, of wich this elegant work forms the second volume, is an enterprise for which men of letters are under deep obligations to the good sense and good taste of the publishers. . . . The present volume, though modest in its pretensions, claiming little more than a local interest, is far more valuable in its contents than its title or its unpretending preface might lead one to suppose. It embraces a history of the great Ohio Land Company and the first settlement of the State at Marietta, with biographical sketches of the pioneers of that part of Ohio, and a map which possesses considerable historical interest. Quite apart from its intrinsic value, the work also deserves to be prized as a dainty specimen of handiwork, rarely surpassed by the best New York and Boston book-sellers, to say nothing of those of the West. The type is sumptuous, the paper heavy, the binding neat and strong, and the general typographical arrangement extremely tasteful.—*New York Tribune.*

SHEA'S MISSISSIPPI SERIES No. 2.

FIRST ESTABLISHMENT

OF

THE FAITH IN NEW FRANCE.

Containing the Publication of the Gospel, the History of the French Colonies, and the famous Discoveries from the river St. Lawrence, Louisiana, and the river Colbert to the Gulf of Mexico, accomplished under the direction of the late Mr. De La Salle.

By Father CHRISTIAN LE CLERCQ, Recollect Missionary.

Translated, with notes of authority, printed and documentary, bearing on the matter, so as to give students a key to all collateral information. By JOHN GILMARY SHEA.

This is the first English translation of a work published in France in 1691, and now becoming exceedingly scarce, but yet of high value to American scholars; since, with Hennepin's "*Description of Louisiana*," it gives the earliest printed account of the explorations of Robert Cavelier, written by Recollect missionaries, who were his companions for a series of years, and wrote from actual observation.

It contains, also a sketch of Canadian history, especially in connection with the missionary labors of the Recollect or Franciscan Fathers, who were the first clergy of the Colony founded by Champlain, who visited what is now Ontario and New York, and in later days were generally the chaplains at the forts, by which France endeavored to hold our eastern country.

In translating, the original has been closely followed, and proper names are given as Le Clercq prints them: the correct form being added in the notes. References are made to other works and documents, especially to those collected by Mr. Margry.

In the portion where the Jesuit relations of their missions in Canada are so sharply criticised, the allusions have in most cases been traced.

In the introduction will be found what is known of the missionary labors of the author, and a discussion of the questions that have been raised in regard to the work.

The present edition is in two octavo volumes, 411 and 354 pages, finely printed on heavy tinted paper, sewed, uncut, with fac simile title, portraits, and a contemporaneous map. The edition printed was 250 copies. Only a few copies remained unsold. Price $12.00. Will be sent by mail, prepaid, on receipt of the price.
